

1:32 Land Rover Britains Defender Detail Kit

1x Snorkel, 1, Winch, 1x A-Bar, 6x Spot Lights, 2x Front Grill Lights, 2x Rear Work Lights, 1x Checker plate Sheet

**This is a rough guide to using the kit.** Care should be taken at each stage to make sure the model is going together correctly and any alterations that are not in the instructions should be carried out.

**Paint:** Components can be painted at any time in the build, it is a case of what suits the builder. Modelling paints or automotive spray paints can be used.

**Glue:** Recommended glue is contact adhesive or super glue. We used Gorilla Super Glue (Blue Lid)

**1 Separate the chassis.** The parts here have been brush painted with a matt black Tamiya XF paint. Any modelling paint can be used. They are glued to the model using Gorilla Super Glue and Deluxe Materials Glue n Glaze.

**Snorkel.** Painted and glued over the air vent on the original casting

**Checker Plate.** Cut to suit the bonnet contours or the side trims. Then paint and glue to the bonnet/sides.

**Spots.** Painted black then silver in the centres, glued equally spaced to the roof

**A-Bar.** Big spots glued to top of bar and then painted. Silver in lamp painted first then black lightly brushed over the top.

**Wheels.** Paint the wheels as desired then push fit to axles and slide through the original axle holes.

**Winch.** Painted black and silver then glued to the front of the bumper over the original number plate.
