

INDUSTRIE 11mm

Ideal rope for those who want to work at heights with a safe diameter.

Standard : CE EN 1891 - Type A

Weight : 74 g/m

Material : Polyamide

Breaking load : 3400 kg (daN)

Resistance with node in 8 : 1950 kg (daN)

Strength with sewn termination : 1900 kg (daN)

Elongation under 50/150kg : 2,1

Sheath percentage : 36

Core percentage : 64

Sheath slippage: 0

Water shrinkage : 1,1

Number of drops factor 1: 16

Impact force (factor 0.3): 5.6 kN

CE EN 1891 - idN
