## Cyclone PRO R1 Ladies Drysuit

# IONIC®

Designed around the unique female form IONIC have designed a female version of the PRO R1 and PRO R3 drysuits ensuring that all females can now be fitted correctly while carrying out life saving operational duties.

Key features to our female pattern drysuits are shorter arm and leg lengths, reflected in women's physiques while a contoured hip pattern is to accommodate a hip curve without creating an ill-fitting effect!

IONIC offers a drop seat option offering relief without having to take off all your layers. Featuring the all new Aquaseal® curved waterproof zip, the drop seat is dry, and the user can easily open and close.

### SAF10076 - Drop Seat Version

Ladies Cyclone Pro R1 Drysuit with Neoprene Seals

### SAF10077

Ladies Cyclone Pro R1 Drysuit with Neoprene Seals
