RESCUE

Cyclone SAR Drysuit

IONIC®

The all NEW Cyclone SAR drysuit has been designed in conjunction with a number of professional specialist rescue teams. The SAR drysuit is a premium fully breathable drysuit fitted with a host of extra features as standard.

Manufactured using Hydratec 320 three Layer Trilaminare fabric with additional 500D Cordura® protective panels in the seat and knee, you can be assured of maximum durability and performance. An integral hood system provides wind chill protection and is designed to fit over a water rescue helmet or can be stored in the zip collar pouch. The inside neck collar is fitted with a thermal fleece liner for additional comfort.

For improved fit, an adjustable waistband has been added. Other features include a convenience zip and adjustable ankle gaiters, providing additional protection. The Cyclone SAR drysuit comes fitted with a YKK Aquaseal® Dryzip which delivers great performance, flexibility and easy maintenance.

SAF10055
