

# IONIC X-Tract Glove

The X-Tract technical rescue glove has been designed to meet the demands of technical situations whilst operating in the most demanding conditions.

Manufactured using Clarino and Schoeller stretch fabric the X-Tract offers the highest levels of durability without any compromise on fit, flexibility and overall performance. With the added Armotex protection on the palm and fingers and full Kevlar lining on both the palm and back of hand, the X-Tract will protect the hands of rescuers in all types of environments.

**Knuckle Protection**  
Kevlar Armotex®  
padded knuckle  
impact protection.

**Cuff**  
Schoeller® dynamic  
fabric with elasticated  
debris cuff.

**Lining**  
The glove comes  
with a full cut resistant  
Kevlar® glass fibre  
lining providing all  
round protection.
