Bluetooth Calling

How to connect

Step 1: After connecting the watch to the Da Fit App, you need to go to the Bluetooth settings of the phone and pair the watch with your phone and pair the watch with your phone for Bluetooth calling function and phone music function

Due to different systems of IOS phone and Android phone so the Bluetooth connection for IOS and Android is different as well. Please check the following steps for IOS and Android based on the system of your phone.

For IOS

After the connecting with App, it will remind you to connect phone BT call function by connecting mobile phone Bluetooth in phone setting menu.

Please check your IOS Bluetooth setting list to search and connect "URBAN PRO 2"

After connecting with IOS Bluetooth, it will show "URBAN PRO 2" in "MY DEVICES" list

After successfully connected with phone Bluetooth, the watch phone call interface will display.

If you can not connect with phone Bluetooth, please check as below.

Then try to connect with phone Bluetooth as above steps.

For Android

If the watch connected with app successfully, App will display "Pair with Audio: URBAN PRO 2". Please Pair it

After click to pair, then you will see the device name "Audio URBAN PRO 2" in phone Bluetooth list

Step 2: Go back to watch and enter phone call interface to make phone calls, check records and interface contacts (Please keep the music player is in "Play Phone Music" mode to ensure Bluetooth is connecting with watch, when you see Bluetooth calling function).
