How to connect

1. In on mode, long press the center button for 5 seconds to get the headphone into pairing status with an English voice prompt 'Pairing'. During the pairing process, the white and orange lights flash by turns. Successfully paired: the headphone will automatically shut down if pairing fails within 5 minutes.
2. Turn on the Bluetooth on your mobile phone, then search the Bluetooth device.
3. Choose the Bluetooth device of 'IB Urban X3' displayed on the phone and enter the pairing password '0000' to create Bluetooth connectivity with an English voice prompt 'Connected'.

How to use

Charging

- 1) Connect the charging port with any USB charging adapter computer USB Port.
- 2) Charging will start automatically with LED indicator turns red
- 3) The earphones are full charged when LED indicator turns blue

4 >>>

Note : Make sure the battery is full charged before putting the earphones away from storage. Charge the earphones at least once every 3 months when not using for a long time.

Pairing

- 1) Make sure the earphones and your Bluetooth device are next to each other (within 10 meters).
- 2) The first time you use the earphone, press the multifunction button until the LED indicator flashes red and blue alternately. Now the earphones are in pairing mode
- 3) Activate Bluetooth function on your phone and search for the nearby wireless connection: find "IB Urban X4" in the search results. Tap on the name to connect. Once connected, LED indicator flashes blue.
- 4) If you have paired your device with the earphones before, remove "IB Urban X4" from the Bluetooth device list and pair again.

Note :

- 1) The wireless headset can remember the previously paired device
- 2) If the earphone cannot be paired with your Bluetooth device, press and hold "+" and "-" button for 5 seconds at any state of power on (red and blue lights flash twice at the same time) to clear the pairing history. Then restart the earphone for pairing.
