RIEDEL SOMMELIERS

The SOMMELIERS series was introduced in 1973 and achieved world-wide recognition as the first variety specific stemware line. A glass was born that turns a sip into a celebration - a wine's best friend - fine-tuned to match the grape.

RIEDEL SUPERLEGGERO

This reintroduction sees a reimagining of the classic RIEDEL Superleggero collection. Handmade RIEDEL Superleggero was released in 2015 as the third stage of a glassware evolution, following RIEDEL's 1958 creation of the wine-friendly gourmet Sommeliers series, and the 1973 transformation of Sommeliers into a ground-breaking grape varietal specific glassware collection.

RIEDEL VERITAS

A glass machine blown crystal of unsurpassed thinness and lightness. RIEDEL VERITAS combines the charm of a handmade glass with the consistent accuracy only a machine made glass can achieve. Combining the best of riedel's glassware designs with the most up-to-date technology, this new series further endorses riedel's hallmark leadership in performance-driven consumer crystal drinkware.

RIEDEL VELOCE

RIEDEL Veloce is an impressive development based on state-of-the-art technology. The glass is taller than the RIEDEL Extreme collection and has a thinner stem and finer bowls. A specially developed machine, at RIEDEL's Weiden factory, enables us to draw stems that are the equal of those made by hand by a master glassmaker. The base, with a diameter of 100 mm, is a new standard for large glass shapes and is the maximum that can be produced by machine.

RIEDEL VINUM

VINUM (1986) became the first machine-made glass in history to be based on the characteristics of grape varietal. VINUM was not developed on a drawing board, but in tasting work shops based on the performance where the content commands the shape. The pleasure of enjoying fine wine starts with the right glass. Machine blown in Austria.

RIEDEL EXTREME

DRAMATICALLY DESIGNED FOR NEW WORLD WINES

The Extreme glasses derive their name from their extreme contours. The bowls are reminiscent of polished diamonds that spread out wide and taper off at the top. This allows the wine plenty of room to breathe, enhancing and emphasizing the pleasant softness and generally fruity notes of the New World wines.

RIEDEL PERFORMANCE

A technologically advanced and user-friendly collection of grape varietal specific glasses. Performance is the first RIEDEL wine glass series ever to feature bowls with a light optic impact. This design not only adds a pleasing visual aspect to the bowl, but also increases the inner surface area, allowing the wine to open up and to fully show every aroma and subtle nuance.

RIEDEL WINEWINGS

In the Summer of 2018, Georg was asked by a customer to create "the ultimate glass" for Cabernet Sauvignon, a project which was to provide the inspiration behind RIEDEL Winewings.

Slowly, a new shape emerged: A flat-bottomed glass, wide and reminiscent of the wing of an aircraft, complete with winglets. Over the course of a year, through many tastings and by making changes to shape, size and rim diameter, what began as one glass for one grape varietal developed into seven different glasses to represent the most popular grape varietals.

THE 'O' WINE TUMBLER

'O' (2004) is the first varietal specific wine tumbler in history. 'O' is an innovative take on the casual wine glass for total wine enjoyment. 'O' is based on the benchmark shapes of RIEDEL VINUM to enhance the world's most important grape varietals. Broken stems are a thing of the past. In short, 'O' is the ideal glass for everyday use and for every occasion. It is fun, feels good to hold, looks trendy and it works! Machine blown in Austria.

FATTO A MANO

"Fatto a Mano", meaning hand-made in Italian, was Riedel's stunning new introduction for 2017. Hand-made in Tiroler Glashütte, at Riedel's headquarters in Austria, this new stemware collection bears the typical attributes of a Riedel product: varietal specific, thin blown, unadorned, and standing tall on slender stems. "Fatto a Mano" turns a sip of wine into a colourful celebration.

RIEDEL DECANTERS

"I prefer to decant wines, both young and old. It is a sign of respect for old wines and a sign of confidence in young wines. Decanting old wines, just a few moments before they are served, helps to ensure that the wines' clarity and brilliance are not obscured by any deposit that may have developed over time. Decanting young wines several hours before they are served gives the wine a chance to bloom and attain a stage of development that normally requires years of ageing." ~ Christian Moueix

RIEDEL CARE GUIDE

One thing you should remember is that fine crystal is a perfectly smooth surface for odours which are particulate, to rest upon, making the glass bowl take on tastes and odours from such things as cardboard storage boxes, soap, chlorine etc. So it is important to ensure that those wonderfully clear glasses are clean and fresh. Smell the glass empty, before use.

When using a dishwasher do take the following into account:

- Never soak lead crystal.
- Use a cool wash
- Only wash glass with glass – never plates and cutlery.
- Use a fine particle or better modern gel dishwasher detergent.
- Use a glass protector which is now in many brand of detergent.

To wash glasses by hand:

- Wash under warm water, very dilute detergent can be used.
- Place on cloth to dry
- For extra shine, steam over boiling water then use Riedel crystal cloth
- To polish use tea towels and Riedel crystal cloth
- Hold glass by base and polish base
- Use left hand to cradle the bowl and polish bowl with your right hand never twist the base.
