## Fire Grate Burner Baskets

### DESCRIPTION

Fire baskets available with all burners, designed to give the same atmosphere of a real wood fireplace.

Easy to install wherever there is an existing fireplace installation, only a gas connection and flue required.

- Suitable for a wide range of fireplace designs - traditional, hole in the wall, fire table etc.
- Burner tray is supplied complete ready for installation, just connect the gas supply.
- Choose either high quality fireplace logs or white carrara river pebbles.
- Operated by battery powered Infrared remote control system, mains upgrade available.
- Class 1 (175 diameter or greater) chimney required.

### VERSIONS

- Our burner trays are available in 5 sizes - 373mm, 506mm, 774mm, 1307mm & 1800mm wide.

This Gas Fire Grate Burner Tray creates a beautiful, warm atmosphere with the advantage of an open living gas flame and without the mess and hassle of wood.

The remote control modulates the flame to high and low with the minimum of fuss. When using this fireplace outside it must be protected from the weather, an optional rain cover is available to purchase.
