

Grill Light Instructions

- The Grill Light uses 3 AA batteries
- Use the included screwdriver to remove the screw on the bottom of the light. Remove the battery cover and align the battery with the + and - marks
- Close the battery cover and tighten the screw

- Do not mix old and new batteries together
- Do not mix alkaline, standard (Carbon-Zinc) or rechargeable (Nickel-Cadmium) batteries
- Avoid contact with water as moisture may damage the electronic components.

Mounting Your Grill Light:

1. Raise your grill lid to the fully opened position
2. Position the light along the handle where it will not interfere with normal operation and allows you to close the lid without hitting the front of the grill
3. Tighten the thumb screw finger tight. Do not over tighten it. Close the lid slowly to make sure it does not interfere.
4. Adjust the brightness of the light by tapping the Cave Tools logo on the top of the light

Use and Care:

1. Store your Grill Light indoors when not in use
2. Your Grill Light can be cleaned by gently wiping with a damp towel. Please do not immerse in water as this will damage the electronics
3. Your Grill Light comes with a Lifetime Money Back Guarantee. If for any reason you are unhappy with your purchase, please email orders@cavetools.com
