Working in the home loan environment is a fast-paced job with lots of contracts – which means lots of paperwork to print. The staff at Noble Home Loans relies on Vegas Ink and Toner for fast, free delivery of excellent products that help them print efficiently and are eco-friendly.

Did you know it takes 1,000 years for one cartridge to decompose in a landfill? Every cartridge that comes through our door gets remanufactured or recycled – saving it from the fate of ending up in a landfill!

Noble Home Loans has enjoyed saving money and the environment by purchasing from Vegas Ink and Toner's line of compatible cartridges. Worried about the quality of compatible cartridges? Don't be. All Vegas ink and Toner products are backed by a 100% guarantee. Just listen to what Jr. Loan Processor Debbie Garrett had to say... "The refurbished toner has great quality, and on the off chance a cartridge is defective, they quickly replace it."

If you were to ask Debbie why she trusts Vegas Ink and Toner in her business she'd say "They are in town, convenient, have great customer service and are committed to helping the environment through recycling."
