

## Customer Testimonial Nonprofit Industry

### **Lt. David McDaniel**

Salvation Army Adult Rehabilitation Centers  
Customer since 2015

For nonprofits, operating efficiently at the lowest cost possible is a necessity to being able to serve more of their constituents. There are eight Salvation Army Adult Rehabilitation Centers in Southern Nevada; each center offering residential housing, work, as well as group and individual therapy - all in a clean, wholesome environment. The goal is to give program participants the spiritual physical care that they need to re-enter society and return to gainful employment. With all these facilities and programs, printing is essential for daily operations and to keep programs and services running smoothly.

When Larry met Lt. David McDaniel from the Salvation Army Adult Rehabilitation Centers, this local nonprofit was operating with several costly desk jet printers. Larry performed a needs assessment of the company and determined that using a networked color printer, so that all staff could print from one central unit, would be most efficient and economical. Using his own business network, Larry helped find a refurbished printer that met the nonprofit's needs at the most affordable price possible.

See what David has to say about Vegas Ink and Toner's expert printer purchase advice... "Larry assessed our company's printing needs and implementing his recommendations has saved us 60% of what we used to spend."

With the right printers in place, The Salvation Army Adult Rehabilitation Centers now enjoy, fast reliable, quality printing and delivery service with Vegas Ink and Toner. For David, recommending Vegas Ink and Toner is easy... "They have great customer service, fast, affordable, speedy delivery, no hassle, the list goes on and on."
