Fondata da Mario Zaina il 27 agosto del 1925, la Società WALLY muove i primi passi della propria attività all'interno di un capannone, attrezzato di pochi macchinari capaci di produrre una vasta varietà di prodotti appartenenti al settore di ferramenta.

Il Core Business dell'azienda nella fase primordiale della produzione riguardava cilindri e serrature di sicurezza con la distinzione di due Brand: WALLY e MZM (acronimo del fondatore).

Nel periodo tra le due Guerre Mondiali la Società consolida la sua posizione ed acquisisce una certa importanza nel mercato italiano riuscendo a dare una svolta decisiva negli anni '50 affacciandosi sul mercato estero.

## art. 300

### Lucchetto rettangolare monoblocco

Corpo in acciaio temprato -  
paletto in acciaio temprato - 5  
chiavi punzonate

Chiavi grezze disponibili

### Heavy duty rectangular padlock

Steel hardened padlock - clo-  
se-latch in hardened steel - 5 keys

Blank keys available

\*2 KA disponibili / available

A	B	E	Ø	L	G	Pz/pcs
84 mm	70	29	12,8	16	36	6
* 94 mm	70	29	12,8	16	41	6

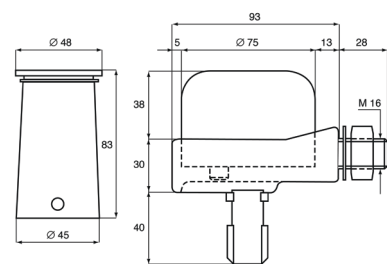

## art. 290A

### Lucchetto a campana per serrande

Corazza in acciaio inox - molle in  
acciaio - 2 chiavi

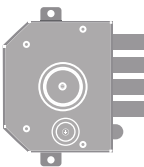

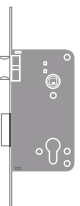

Pz/pcs: 1 cartone / 1 box

### Snail armoured padlock for shutters

Full coating armour in steel -  
spring in steel - 2 keys

1 KA disponibili / available

## art. 290B

### Lucchetto a campana per serrande

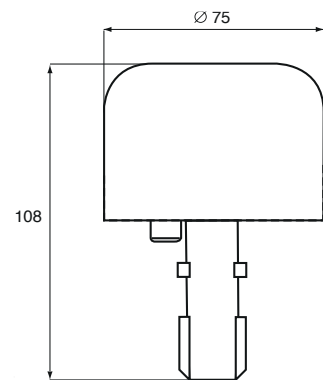

Corazza in acciaio inox - molle in acciaio - 2 chiavi - senza accessori

### Snail armoured padlock for shutters

Full coating armour in steel - spring in steel - 2 keys - without accessories

Pz/pcs: 1 cartone / 1 box

## art. 277

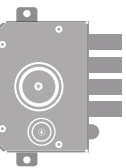

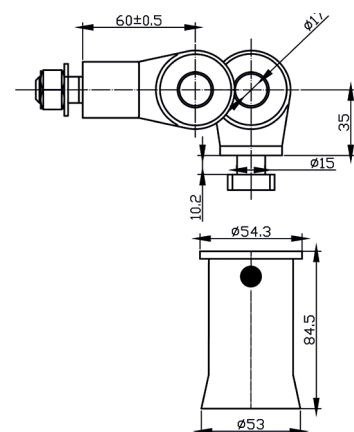

### Kit accessori per serrande

Dispositivo a pavimento per chiusura serrande

### Accessories for shutters

Pz/pcs: 1 cartone / 1 box

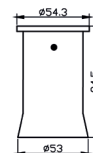

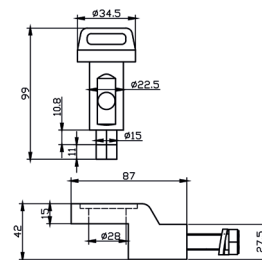

**art. 278****Kit accessori per serrande basculanti**

Dispositivo a pavimento per chiusura serrande

*Accessories for shutters*

Pz/pcs: 1 cartone / 1 box

**art. 273****Lucchetto a doppio perno corazzato**

Lucchetto in ottone - arco in acciaio temprato.

Chiavi grezze disponibili

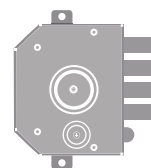

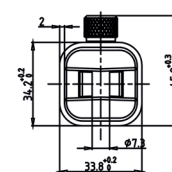

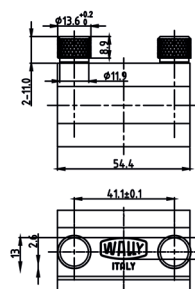

**Security chain padlock**

*Double pin padlock for chain - 2 keys*

Blank keys available

Pz/pcs: 6 cartone / 6 box

## art. 274

### Lucchetto a doppio perno corazzato

Lucchetto a doppio perno corazzato per catene - 2 chiavi

Chiavi grezze disponibili

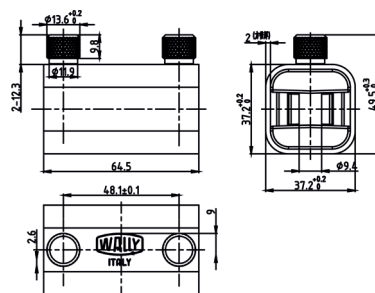

### Security chain padlock

Double pin padlock for chain - 2 keys

Blank keys available

Pz/pcs: 6 cartone / 6 box

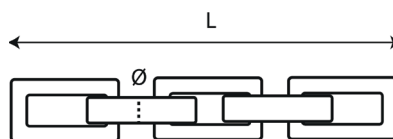

## art. CT

### Catena quadra

Catena quadra cementata rivestita in tessuto

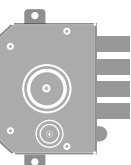

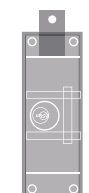

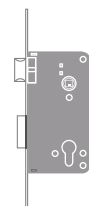

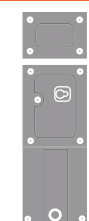

### Square chain

Square chain with textile cover

## art. 52

### Cilindro staccato da applicare

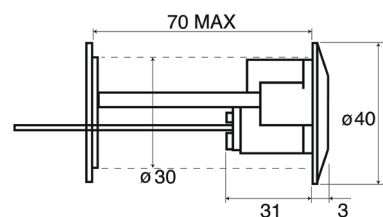

In ottone - 3 chiavi 5 spine - lunghezza 70 mm max - viti di fissaggio e piastra d'attacco

### Loose cylinder for rim locks

Loose type - 3 keys 5 pins - length max 70 mm - with rod tie plate and 2 screws

Pz/pcs: 10 cartone / 10 box

## art. 54

### Cilindro fisso da applicare

In ottone - 3 chiavi 5 spine - viti M4 di fissaggio - canotto in ferro - 4 fori di fissaggio - interasse 14/18 mm. Disponibile anche con sporgenza totale da 60/35 mm.

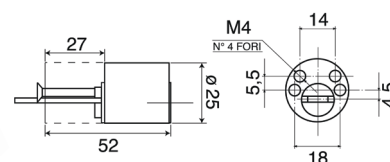

### Fixed cylinder for rim locks

Fixed type - 3 keys 5 pins - with cylinder spacer and screws

\*1 KA disponibili / available

Pz/pcs: 10 cartone / 10 box

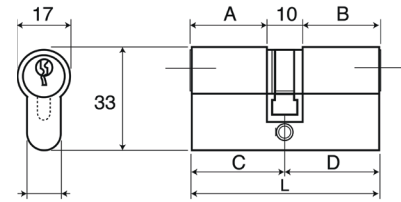

## art. 60

### Doppio cilindro a profilo europeo

In ottone - leva universale - 3 chiavi  
- vite di fissaggio

### European profile double cylinder

With 3 keys and fixing screws

Il marchio WALLY, ormai eccellenza MADE IN ITALY, si evolve rapidamente, l'innovazione delle linee produttive e le spiccate doti imprenditoriali di Ambrogio Zaina portano all'inaugurazione nel 1950 di un nuovo stabilimento a Castelletto di Senago (MI).

Il marchio MZM cessa di esistere lasciando il comando esclusivamente a WALLY.

Attualmente la Società riconosciuta come specialista del settore, vanta una consolidata presenza sul mercato italiano ed estero con prodotti che ancora oggi costituiscono una pietra miliare nel campo delle serrature di sicurezza.

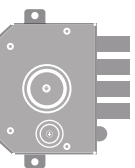

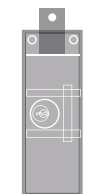

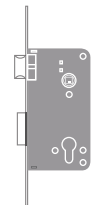

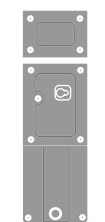

I clienti target sono industrie, società del settore di ferramenta, minuteria metallica e più in generale nella ferramenta.

## art. SP01

### Spioncino digitale

Per porte con spessore da 38 a 110 mm - foro porta Ø 14 mm - sensore 0,3 Mega Pixel CMOS - schermo LCD 3,2" TFT - risoluzione LCD 320x240 - angolo di visuale 105° - alimentazione a batterie AAA.

Colori disponibili: argento, bianco e oro

### Digital door viewer

Thickness door 38 - 110 mm - fits barrel hole 14 mm - sensor 0,3 Mega Pixel CMOS - LCD screen 3,2" TFT - LCD resolution 320x240 - view angle 105 degree - power AAA batteries.

Colors: silver, white and gold

## art. SP02

### Spioncino digitale

Per porte con spessore da 38 a 110 mm - foro porta Ø 14 - 26 mm - schermo LCD 3,5" TFT - suoneria polifonica - visione notturna ad infrarossi - funzione auto scatto e registrazione video - registro visitatori - supporto scheda di memoria microSD (fino a 32 GB) - alimentazione a batterie AA.

### Digital door viewer

Thickness door 38 - 110 mm - fits barrel hole 14 - 26 mm - polyphonic ringtones - infrared night vision - automatic A/V recording - enquiry for visitors record - support TF card (Up to 32 GB) - power AA batteries

## art. SP03

### Spioncino digitale smart

Schermo LCD 2,8"HD - sensore da 1,0 Mega Pixel CMOS (720P) - per porte di spessore da 32 - 104 mm - foro porta Ø 14 - 35 mm - angolo visuale 134° - alimentazione a batteria integrata da 4300mAh Lithium - visione notturna ad infrarossi - sensore di movimento - chiamate audio/video in remoto - funzione registrazione AV - registro visitatori - controllo remoto da app

### Digital smart door viewer

LCD screen 2,8" HD - sensor 1,0 Mega Pixel CMOS (720P) - thickness door 32-104 mm - Fits barrel hole 14-35 mm - view angle 134° - power 4300mAh built-in Lithium battery - intelligent motion detection - remote control with app

## art. MA01

### Maniglia smart

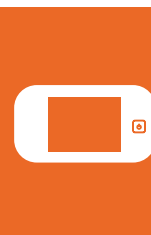

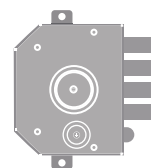

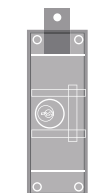

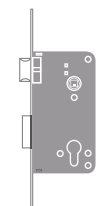

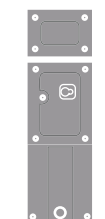

Per porte con spessore da 38 a 56 mm - apertura con impronta digitale, bluetooth o pin - controllo remoto attraverso app "JANUS LOCK" - maniglia reversibile - alimentazione a batterie AAA - sostituisce la maniglia tradizionale senza apportare modifiche alla porta - adattabile a qualsiasi serratura con fori vite interasse 38 mm - tastierino luminoso - controllo accessi

### Smart door handle

Thickness door 38-56 mm - can open the door with finger print, bluetooth or pin code - remote control app "JANUS LOCK" - reversible handle - power AAA batteries - it replace traditional handles - compatible with all security lock with hole distance of 38 mm - lighting key board - entry control

**La maniglia Smart Wally MA01** con la tastiera touch e il lettore di impronte digitali offre innumerevoli vantaggi in confronto ad una maniglia tradizionale.

Scaricando l'APP dedicata in pochissimi passaggi sarà possibile configurare la maniglia in piena autonomia, registrare l'impronta digitale, inserire il pin di accesso e sbloccare da remoto la serratura permettendo quindi l'apertura della porta.

Alimentata da 4 batterie AAA e completa di rosette e bocchette tonde, è facilmente installabile su tutte le porte con spessore compreso tra i 38 mm e i 56 mm.

Scarica l'applicazione "Janus lock" dall'App Store, Google play oppure inquadra il QR Code.

**Lo spioncino digitale Wally SP03** renderà l'abitazione un ambiente più sicuro e sempre monitorabile.

Alimentato da una batteria interna ricaricabile a lunga durata può registrare e acquisire immagini ad ampio raggio, visualizzabili sia direttamente dal dispositivo che dall'app remota anche in visione notturna.

Adattabile a tutte le porte con spessore compreso tra i 32 mm e 104 mm.

Scarica l'applicazione "With door viewer" dall'App Store, Google play oppure inquadra il QR Code.

Oggi la Società è simbolo di affidabilità e professionalità, un'eccellenza tutta Italiana, che vanta una storia in continua evoluzione.

WALLY oggi è un marchio di successo, il restyling del logo avvenuto negli anni racconta una storia fatta da importanti partnership e un modello di business improntato sull'innovazione e la fiducia dei proprio clienti, con l'obbiettivo comune di soddisfare le esigenze dei suoi diversi stakeholders.
