Use in-motion, on the ocean, across the globe. Includes public IP, priority support, and performance dashboard	

ENTER YOUR ADDRESS   SEARCH

Step 6: Follow the prompts by entering your details - contact & billing information until your Starlink subscription set up is complete

Step 7: After a couple of minutes (sometimes it can take up to 20 mins) you should be able to start using your Starlink - call us if you need further assistance **1300 017 576**

Please note that when you are connecting for the first time, if you're using our router to connect, please search for the following;

Wifi name : Outback Comms WiFi XXXX

Password : goodlife (all lowercase)

It is also recommended that you log into your Starlink App and turn off the Snow Melt Feature. Turning this feature off completely will save power in areas where you don't need to worry about snow. If you experience extremely cold weather, you may want to turn this back on when required.
