1. Loosen all straps and place PFD on body over head. Close the side buckles.
2. Tighten waist straps at both sides, adjusting lower strap first, then middle strap. Ensure PFD is fitted tight to body.
3. Adjust shoulder straps to fit and lift under straps to check PFD does not ride up over head. Re-tighten side straps if necessary.

| SIZE | USER KG | CHEST (CM) | BUOYANCY |
|------|---------|------------|----------|
| S | 30-60 | 68-94 | 50N |
| M | 60-80 | 94-110 | 60N |
| L | 80-100 | 110-126 | 80N |

CARE AND MAINTENANCE

WARNING!

A (Personal Floatation Device) PFD will help you float in the water, but it cannot guarantee your safety and ultimate rescue. The PFD will support you in water for an extended period. The effectiveness of a PFD is considerably reduced in rough or breaking seas and surf.

IMPORTANT INFORMATION

YOUR BUOYANCY AID

THIS IS A BUOYANCY AID NOT A LIFE JACKET. A buoyancy aid provides extra flotation to a conscious swimmer with help close at hand. A life jacket will turn an unconscious wearer onto their back, keeping their airway clear.

Time should be taken to learn how to wear and adjust this device to gain maximum benefit from its safety features. Always ensure the device is the correct size for the wearer.

THIS IS NOT A PRODUCT TO GROW INTO. It is recommended the wearer try the device in water to ascertain its performance before use.

Never attempt to alter the form of this device by cutting or adding to it.

INSTRUCTIONS FOR USE

Wear this device as a normal jacket. Tighten all fastenings to remove any slack and close all buckles. The garment should fit the wearer snugly. Wear this device outside other garments.

CARE OF YOUR BUOYANCY AID

After use, hand wash in fresh water and drip dry. This device can withstand temperatures between -30 to +60 °C but should ideally be stored away from direct sunlight or other heat sources and chemicals including petrol and oil. Inspect once a year for visible damage.

The estimated lifespan of this PFD is 5 years with medium (weekly) use.

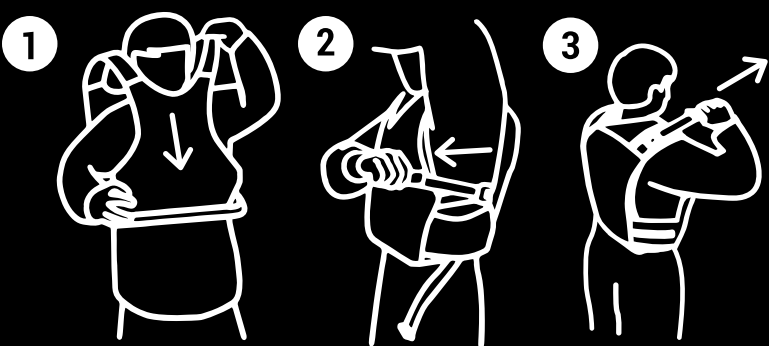

GUARANTEE

All Aquaplanet buoyancy aids are fully guaranteed for the original purchaser against defects in material or workmanship. If a product is found to be defective please return it to the stockist where purchased together with the original receipt. This guarantee does not affect your statutory rights.
