

# DERMACLARA

OCCLUSION PATCH™

## FOREHEAD PATCH TREATMENT PROTOCOL

YOU WILL NEED ONE PACK OF THE FOREHEAD PATCH.

THIS TREATMENT REDUCES FOREHEAD WRINKLES AND TIGHTENS FINE LINES.

30 MINUTES

### Cleansing - 5 Minutes

I If the client has makeup or impurities on their forehead, gently cleanse the area with a mild and non-irritating cleanser to create a clean canvas for the treatment.

### Apply Dermaclara Forehead Patch

II Remove patch from package and gently apply to the forehead.

### Massage - 10 Minutes

III Perform a gentle facial massage using slow, circular motions around the patches. Focus on releasing tension and stress in the temples of the head and cheek areas.

### Acupressure Points - 5 Minutes

IV If trained in acupressure, gently apply pressure to specific points on the forehead, such as the third eye or temples, to further alleviate tension and promote relaxation.

### Remove Patch

V Gently remove the forehead patch and store appropriately for the client to take home at the end of their service.

### Cooling Forehead Compress - 5 Minutes

VI Apply compress to the treated area for a few minutes. The cool sensation can help reduce inflammation and enhances the experience.

### Apply Of Soothing Gel Or Serum - 5 Minutes

VII Apply a soothing and nourishing gel or serum specifically designed for the forehead area. Use gentle upward strokes to massage the product into the skin, promoting relaxation and hydration.
