

# EASY HOOK INSTALL GUIDE

1. Release hook screw (A).
2. Install hook (B) on wall/ceiling with screw (D). If needed, use an appropriate anchor (E) suitable for your wall type.
3. Insert cord into hook slot (C).
4. Twist hook screw into hook until it is firmly pressing against cord.

\* **50LBS MAX** weight load.

\* Perfect for hanging pendant light cords and small plants.

\* Ideal for round cords with a **0.28in (7mm) MAX diameter**.

\* A flat cord may slip out unless it is or made thicker than 0.06in (1.5mm).
