## Optional 4-Fold, 3-Fold Screen and Shower Column Kit!

Our 4-fold glass screen is a great alternative to a shower curtain and a great addition to your walk-in tub. It operates smoothly and easily and offers great splash protection. In addition, this glass screen provides an open and airy bathing experience.

The Ella Big4Two and Escape can be upgraded to one or two Ella shower columns. What makes this shower column kit superior to other shower kits, is the uniquely oversized 10" rain shower. The column can be effortlessly adjusted up to 7 feet tall and it includes a vertically movable, 5 mode multi-functional hand shower.

## Ella Gravity Driven 2" Dual Drain Technology

Ella 2 seat walk-in tubs are equipped with Dual Drain Technology, the fastest gravity drain system in the industry. Dual 4 port, 2" oversize drains, independently operated by stainless steel cables eliminates the water in your tub quickly and efficiently. Fast drain times means minimal wait times.

Furthermore, the drain handles are designed for a comfortable and easy grip.

# Independent Foot & Calf Massage

Enjoy a full body hydro massage with Ella's innovative jetting design, or simply just have a powerful, rejuvenating independent foot massage by quickly filling the foot well and using the 8 independent jets dedicated for your feet and calves. No need to fill the whole tub to enjoy a relaxing, luxurious hydro foot massage. The footwell fills in just minutes!
