

| Part Number                    | FT-WS1   |
|--------------------------------|--|
| Dimensions                     | L - 6.29" x W - 3.93" x H - 1.79"                        |
| Software                       | V.0.0.25   |
| Input Voltage                  | 5-24v DC/AC 50/60 Hz +/- 15%                             |
| Current Draw                   | 100ma(standby)   |
| Operating temperature          | 0-50c (32F to 122F)                                      |
| Storage Temperature            | 0-65C (32F to 150F)                                      |
| Start Up Scan Cycle            | 2 minutes  |
| Bluetooth Broadcast Range      | 10m/30f (Line of Sight)                                  |
| Communications Protocol        | Bluetooth 4.0 LE / WiFi B/G/N 2.4ghz                     |
| Connection                     | 2P WeatherProof Connector   DC Jack Light Kit (optional) |
| Warranty                       | 24 months RTB  |
| Transmit Power 802.11b Average | +19dbm   |
| Transmit Power 802.11n Average | +16dbm   |
| Enclosure                      | IP68 Waterproof  |

## Weathersmart Module Control

### Bluetooth 4.0

Low energy Bluetooth 4.0 control for easy use with smart phone and tablets.

### Smart Control

Control your fire pits from multiple smart phones and tablets. You will never lose the remote control again because you don't need one!

### Light Control

The WeatherSmart features optional LED light strip control for app controlled lighting.

### WiFi Control

Control your firepit from anywhere around the world with the optional WiFi | Bluetooth Hub.

### Cross Platform Compatibility

The WeatherSmart works with outdoor fire control systems. Power input of AC/DC up to 24v is available.

### Voice Control

The WeatherSmart Module works with Alexa. Now you can say 'Alexa, Turn on my fire pit'.
