

INSTALLATION INSTRUCTIONS

ENCORE SQUARE FIRE PIT

OVATIONS ROUND FIRE PIT

ENCORE SQUARE FIRE PIT

What's in the Box

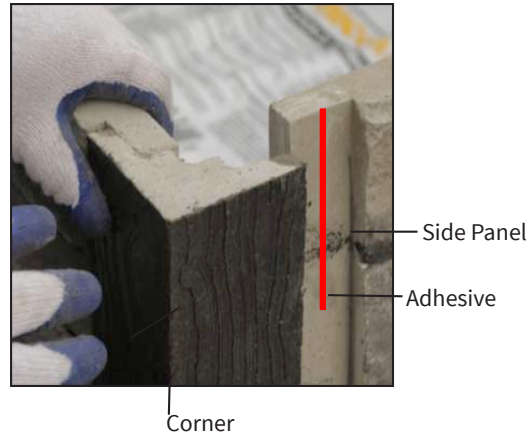

- A. 4-Fire Pit Panels
- B. 4- Fire Pit Corners
- C. 1- Square Fire Pit Top
- D. Drop Cloth /Sheet Protector
- E. 1- Match Throw 20x20 Gas Burner
- F. 2- 6" x 12" vents
- G. 1-Strap
- H. 1-Tubes of Adhesive
- I. 20 lbs of Lava Rocks

ADDITIONAL TOOLS
(Not Included)
Temporary Clamps
Tape Measure

STEP 1. CONNECT SQUARE FORM

- A) Unfold and lay out Sheet Protector on a flat surface to create an assembly space.
- B) Apply supplied adhesive in 1/4 inch wide strip on all panels prior to installation.
- C) Take (1) corner and (2) side panels and place the side panels against the corner as shown.
- D) Repeat this process for the (3) remaining corners to create a square shape.
- E) Use small clamps (not included) to temporarily hold corners in place. (One on each side of each corner)

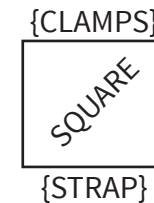

Use clamps to hold each side of the corner to the side panels.

STEP 2. SQUARE THE FORM

- A) Using a tape measure, measure from outside of one corner to outside of opposite corner on each diagonal. (Measurements in both directions should be the same; if not rack the sides until they are equal measurements.) Measurement should be approximately 57 inches.
- B) Once squared, use the supplied strap and place around the bottom of unit and tighten. Reposition temporary clamps, if needed, to ensure the corners are even and tight on the side panels. Allow adhesive to dry according to manufacturer's instructions.

Diagonal measure from outside corner to outside corner. (Approximately 57 inches)

Secure supplied strap and allow glue to dry.

STEP 3. ATTACH FIRE PIT TOP & BURNER

- A) Place a ¼ inch bead of adhesive around the top perimeter of the fire pit and then secure the supplied top. Make sure the top is square and centered on the base.
- B) Unpackage supplied burner and vents and install as per the burner manufacturer's directions.
- C) Once the burner is installed open the two bags of lava rock and place the rock on the bottom of the pan completely covering the burner.

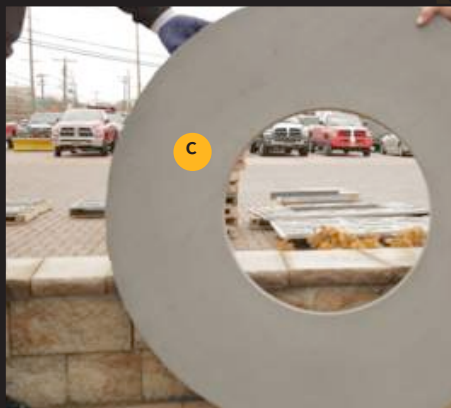

OVATIONS ROUND FIRE PIT

What's in the Box

- A. 2- Half Moon Fire Pit Panels
- B. 2- Fire Pit Connectors
- C. 1- Round Fire Pit Top
- D. Drop Cloth /Sheet Protector
- E. 1- Match Throw 19" Gas Burner
- F. 2- 6" x 12" vents
- G. 1-Strap
- H. 1-Tubes of adhesive
- I. 20 lbs of Lava Rock

ADDITIONAL TOOLS

- (Not Included)
- Temporary Clamps
- Tape Measure

STEP 1. CONNECT ROUND FORM

- A) Unfold and lay down Sheet Protector on a flat surface to create an assembly space.
- B) Insert T connectors in between both ½ Panels
- C) Slide ½ panels tight against T connectors to dry fit connection then remove.
- D) Place a ¼ inch wide bead of adhesive on T connector where panel and place the (2) T connectors with adhesive on them into the (2) ½ panels

- E) Using the supplied strap, tighten the assembly together and allow adhesive to dry in accordance with adhesive manufacturers' instructions.

STEP 2. ATTACH FIRE PIT TOP

Place a ¼ inch wide strip of adhesive along top edge of fire pit and set the top on with even spacing around the outside edge. Verify that the top is centered on the fire pit base before allowing the adhesive to cure. The center hole is designed for the supplied 19" round gas fire pan.

STEP 3. ATTACH BURNER & ADD LAVA ROCKS

- A) Install burner and vents as per manufacturer's installation instructions.
- B) Add Lava Rocks by removing Lava Rocks from bags and spread evenly over the bottom of the pan covering the burner.

GAS FIREPLACE WARNINGS

- Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or other appliances.
- Any LP cylinder not connected for use shall not be stored in the vicinity of this or other appliances.
- Do not leave unattended during use.
- Do not use for cooking.
- Follow all gas leak procedures in this manual prior to operation.
- Improper installation, adjustment, alteration, service or maintenance can cause injury or property damage.
- Read the installation, operating and maintenance instructions thoroughly before installing or servicing this equipment.
- If the information in these instructions is not followed exactly, a fire or explosion may result causing property damage, personal injury or death.

DANGER

If you smell gas:

1. Shut off gas to the appliance.
2. Extinguish any open flame.
3. If odor continues, keep away from the appliance and immediately call your gas supplier or fire department.

CARBON MONOXIDE HAZARD

- This appliance can produce carbon monoxide which has no odor.
- Using it in an enclosed area can kill you.
- Never use this appliance in an enclosed space such as a camper, tent, car or home.

CUSTOMER acknowledges that the installation of the any non Nicolock manufactured part in a manner that does not strictly conform to the original equipment manufacturer's instructions might cause injuries, death, property damage or other harm to CUSTOMER or to third parties. CUSTOMER accepts and voluntarily incurs all risks of any such injuries, damages, or harm which arise during or result from the installation and/or use of the PRODUCT any activities, except only to the extent caused by the negligence or other fault of NICOLOCK PAVING STONES, employees, officers, agents, representatives or insurers ("Released Parties").
