

ARTEMIS LED LINEAR

Twin matte acrylic diffusers are joined by an asymmetrical metal bracket to maintain a slim profile that is equally suitable for vertical or horizontal installation. The generous width in 24-inch or 36-inch models affords the bright illumination you want and need in the bath, while the opaque diffuser maintains a glare-free, ambient light from this LED-indicated diffuser.

Bath

9756-CH-MA
36" L X 3 1/2" W

9755-MB-MA
24" L X 3 1/2" W

9755-CH-MA

9756-SB-MA

The asymmetrical design of the bracket is beautifully crafted
