VERTICAL PANEL TECHNOLOGY

Vertical Panel Technology is the smart alternative to block and stone masonry. Reinforced concrete panels and an easy installation process makes constructing outdoor living spaces quick and affordable. This technology enables you to choose the texture, profile and color palette to fit the natural landscape of any backyard or outdoor setting. Reduce material waste and environmental impact, while delivering the highest quality vertical masonry structures.

*Barn Wood texture available in Rustic Brown (color shown in texture swatch) and Weathered Wood colors. Stone textures available in Biscotti Tan and NY Bluestone colors.
