A LIFT THAT OFFERS DIGNITY FOR ALL

The Royal Standard In Bathroom Assistance

According to both the CDC and the National Council for Aging Care, falls are the leading cause of both fatal and non-fatal injuries in older Americans, and the greatest threat to the loss of independence. Studies show that 80% of all falls happen in the bathroom, and each year 2,800,000 injuries are treated in emergency rooms, resulting in over 800,000 hospitalizations and 27,000 deaths. In fact, 95% of hip fractures are the direct result of a fall. Oh dear. On average the cost of treating a fall is around \$30,000, and it is expected that nearly \$67 billion will be spent on the treatment of falls in 2020 alone.

At Throne Buttler, we believe that nothing should get in the way of your bathroom activities. That's why we created a toilet lift to rival all other commode assistive devices. With its easy at-home installation, intuitive controls and built-in safety features, Throne Buttler is the ideal solution for any lavatory user in need of a better way to transfer on and off the toilet. In fact, the only worse thing than having your favorite bathroom pastime compromised is that fear that you or your loved one could suffer serious bodily harm from it.

ADA Compliant & Appreciated

Did you know that 26% of U.S. adults have some form of disability? That's 1 in 4 Americans who have a higher risk of injury from falls. At Throne Buttler, we understand the emotional, physical, and financial toll a trip to the hospital can present. That's why we created a handicap toilet lift that offers the automated assistance you need and the bathroom privacy you deserve.

Throne Buttler is an innovative assistive device designed and engineered to accommodate a wide range of toilet users. So whether you're in the market for a special needs toilet or a simple lift assist, Throne Buttler is there for you rear with comprehensive features to fit your lifestyle. From its 350lbs weight capacity to its easy-to-use two button controller, Throne Buttler makes it easy for everyone to get down to business without getting injured.
