

SURFACELOGIX SURFACTANT

Apple, Cherry, Lemon

1. Manufacturer

SurfaceLogix – a Reliance Supply Company
1880 NW 18th Street
Pompano Beach, FL 33069

Phone: 954.971.9111

Fax: 954.971.6623

Email: support@surfacelogix.net

www.surfacelogix.net

2. Product Description

SurfaceLogix® SURFACTANT is a special blend of biodegradable detergents, surfactants and additives, that is formulated for foaming and stabilizing Chlorine Bleach. When used in combination with bleach solutions for cleaning floors, surfaces and roofs, **SurfaceLogix® SURFACTANT** also masks undesired odors from bleach and other bad odors in cleaning operations.

3. Applications

For tough stains, make sure you use the right ratios/concentrations of products; remove any thick layers of debris and dirt from surface using brush or blower. Cut 1 part **SurfaceLogix® SURFACTANT** to 300 parts chlorine/water solution (1:300), and stir in thoroughly.

Characteristics & Technical Data

- Appearance:
Surfactant's color is dependent on fragrance: Apple is Green, Cherry is Red, Pine is Dark Green and Lemon is yellow.
- pH= 8-10
- Solubility In Water and Chlorine sol. = 100%
- WT./Gal = 8.4 Lb
- Viscosity = 200-400 cps

4. Properties & Special Features

- Commercial grade cleaning formulation.
- Can be diluted 300 times
- Easy to rinse.
- Eco friendly.
- Contains odor masking fragrances; 4 versions: Apple, Cherry, Pine and Lemon
- Can be mixed with Chlorine Bleach at any concentration.
- Can be used as a washing detergent.
- Neutral pH.
- Foam is stable for extended periods of time.

5. Directions

Cut 1 part **SurfaceLogix® SURFACTANT** to 300 parts chlorine/water solution (1:300), and stir in thoroughly. If the surface is more soiled, and need more residual time on surface, decrease the ratio of water to 1:200 or 1:100 or as necessary. **SurfaceLogix® SURFACTANT** is red in color, however its color will disappear on contact with bleach and will not stain surfaces. **SurfaceLogix® SURFACTANT** applications can be left on the surface, however it is recommended to be followed with a water rinse after the cleaning operation. **SurfaceLogix® SURFACTANT** is stable to Sodium Hypochlorite and Calcium Hypochlorite, and leaves a light and pleasant fragrance scent.

Technical Data Sheet

SURFACELOGIX SURFACTANT

Apple, Cherry, Pine, Lemon

6. Packaging

Size	Package	Per Case	Units / Pallet
1 gallon	Bottle	6	144
5 gallon	Pail	N/A	36

8.4 pounds per 1 gallon pail, 42 pounds per 5 gallon pail

7. Coverage

1 gallon covers 500 to 1000 square feet depending on dilution.

General Cleaning:

Cut 1 part **SurfaceLogix® SURFACTANT** to 300 parts chlorine/water solution (1:300), and stir in thoroughly.

NOTE: For tough stains decrease the ratio of water as necessary.

If the surface is more soiled, and need more residual time on surface, decrease the ratio of water to 1:200 or 1:100 or as necessary.

Please note that **SurfaceLogix® SURFACTANT** is a su-per-foaming product; do not exceed the concentrations required to avoid excessive water rinsing

8. Curing Information

Not Applicable; The surfactant can be left to dry on a surface, and will easily be rinsed out with water.

9. Storage & Shelf Life

Product must be kept in its original, unopened and tightly sealed container. Store in a dry and well ventilated place with controlled temperature (50°F to 90°F). Keep sheltered from weather and direct sunlight. In proper storage conditions, the product's shelf life is 12 months following production (see date on packaging). Store product in original container and close lid tightly after each use.

10. Maintenance

SurfaceLogix® SURFACTANT with bleach is recommended for soft wash routine cleaning of driveways, patios, roofs & walkways made up of brick pavers, natural stone, concrete & our decking materials where mold has developed.

11. Shipping

Land & Sea: Not Regulated

Flash Point: Not Applicable

Regular shipping of liquids non-hazmat.

12. Clean Up

Rinse tools and treated areas with water.

13. Health Hazard Information

Eye Contact: Wear eye protection. May irritate eyes. If in eyes, flush with water for at least 15 minutes.

Inhalation: Use a NIOSH approved respirator.

Ingestion: If swallowed, DO NOT induce vomiting. Seek medical attention.

Skin: Avoid prolonged contact with skin.

Use with adequate ventilation.

Treated surfaces may become slippery.
