

GENUINE LIFESTYLE MOUNT

USER GUIDE

The Mazda Genuine Accessory Lifestyle Mount is designed to support the vehicle owner's lifestyle, by providing a convenient way to attach various light-weight attachments or accessories. **It is not intended to be used as a traditional trailer hitch.**

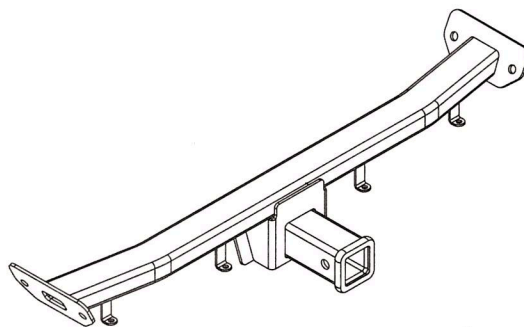

A standard 2" hitch receiver with 5/8" hitch pin and retaining clip are provided for use with a variety of accessories or attachments.

Examples of acceptable attachments include hitch-mounted bicycle racks, or platforms.

WARNINGS

- **Never attempt to tow another vehicle or trailer with the Lifestyle Mount.**

- The total weight supported by the Lifestyle Mount must never exceed 200 pounds when using attachments or accessories, including the weight of the rack, and any bicycles or other cargo.
- Always ensure that any Lifestyle Mount attachments or accessories are properly installed according to the manufacturer's instructions, and secured with a 5/8" hitch pin and retaining clip prior to use.
- Keep the Lifestyle Mount components clean and in good condition. Discontinue use of the Lifestyle Mount if any components become worn or damaged.
- Inspect the Lifestyle Mount for any loose fasteners, and worn or damaged components, prior to every use. If any of these conditions are found, immediately discontinue use of the Lifestyle Mount and have the vehicle inspected at an authorized Mazda dealership.
- The use of trailer electrical sockets or other electrical harnesses is not supported with the Lifestyle Mount.
- Attachments or accessories which utilize an electrical connection to the vehicle, such as accessories which provide rearward lights or turn signals, are not compatible with the Lifestyle Mount.
- The Lifestyle Mount is not compatible with Mazda Genuine Accessory Trailer Hitch Harness.
