
TIDE LIGHT

Tide Light designed by Matthew Raw is part of The New Craftsmen's 'Claylarks' collection. The feature light is made from ceramic 'sherds' in a tonal palette of glazes and textured surfaces. The highly sculptural yet functional wall light casts an ambient glow from behind and can be commissioned in a range of bespoke glaze combinations.

W300 X D30 X H380mm
W11.8 x D1.1 x H14.9 inches
3kg

TIDE LIGHT

Additional notes & guidelines:

- These lights are wired by a qualified professional and comply with BS EN 60598 which is the British standards code for portable luminaires under 1000v
- Due to the handmade nature of this product, there may be slight variations in finish
- This item comes in a double walled box, foam packed for international use, with separate lighting component and sconce
- This light requires assembly to be hung in position
- This lighting fixture must be earthed and installed by a competent person, in accordance with current wiring and building regulations. Always use the correct light bulb. Do not exceed the maximum wattage.
- It is at the discretion of the person carrying out the installation to use suitable fixings for mounting in the intended location. Please use installation guide provided.
- This product is fragile. Handle with care when cleaning and installing
- Gloves must be worn whilst handling this product
- Dust with soft lint free cloth.
