
HADITHI FLOOR LAMP

Inspired by forms in nature, the HADITHI Floor Lamp by SASA Works stems from the idea of being 'grown' and not simply made and is created with an organic irregularity. When illuminated, the light produces a delicate warm glow with a warming beeswax and features a dabbled shadow effect, with the metal veins beneath, creating a beguiling atmosphere.

W560 x D400 x H2000mm
Shade Dimensions Dia.400 x H300mm
Adjustable height of shade 1200 - 2000mm

Additional notes & guidelines:

- Due to the handmade production of this lamp there may be slight variations in the finish of the shade resulting in a unique 'sculpted' character for each piece.
 - This item comes boxed and requires minimal assembly - please screw upper and lower stem together and slide the shade & bracket onto the top of the stem.
 - Please ensure the pendant is fitted with the correct light bulb. Do not exceed the maximum recommended in this document.
 - This product is fragile- handle with care
 - The metal stand can be re-waxed with a light furniture wax, such as Renaissance Wax
 - The shade can be dusted carefully with a feather duster or air spray.
