

Collagen Restore

Collagen Peptides to Support Healthy Skin,
 Bones, and Joints*

Collagen Restore Supplementation

Collagen Restore is an unflavored blend of collagen peptides to support healthy skin, bones, and joints.* This concentrated dietary source of collagen is an excellent choice to support high protein intake with a host of health benefits.*

Key benefits of Collagen Restore include:

- Promotes healthy skin appearance*
- Promotes healthy nails*
- Support for healthy joints*
- Support for healthy bones*
- Support for healthy ligaments and tendons*

How Collagen Restore Works

The primary source of protein in our body is from collagen found in the connective and fibrous tissues. Collagen is integral in connecting parts of the body including tendons, ligaments, skin, bone, and cartilage.^{1,2} Collagen is an amino acid built from peptide chains and is a concentrated source of proline, glycine, and hydroxyproline.^{3,4} Collagen Restore contains Fortigel®, Fortibone®, Tendoforte®, and Verisol® collagen peptides to promote vibrant skin and nails while also supporting healthy joints, bones, ligaments, and tendons.* Fortigel® promotes joint health.* Fortibone® promotes bone health.* Tendoforte® promotes healthy ligaments and tendons.* Verisol® supports skin and nail health.*

Healthy Skin and Nails

Collagen production decreases as we age resulting in dry skin and brittle nails.^{5,6,7} Collagen peptides such as Verisol® may help support elasticity and hydration of the structural components of skin and nails.*^{5,6,7,8} Clinical studies demonstrate oral supplementation with collagen helps promote healthy skin and nails by stimulating natural collagen production processes along with other proteins in the body.*^{9,10,11}

Healthy Joints

Healthy joints are protected by cartilage. Collagen supports the integrity of cartilage, but unfortunately collagen production decreases as we age.¹² Dietary sources of collagen such as Fortigel® may help support this symbiotic relationship.*^{13,14} Clinical studies demonstrate supplemental collagen's ability to help promote healthy cartilage production and support healthy joints.*^{13,14}

Healthy Bones, Ligaments, and Tendons

Healthy bones, ligaments, and tendons are the result of healthy collagen in the skeletal system. Collagen in the bones, ligaments, and tendons supports flexibility, elasticity, and mobility.*^{15,16} Dietary sources of collagen such as Fortibone® and Tendoforte® may help promote healthy bones, ligaments, and tendons.* Clinical studies demonstrate supplemental collagen's ability to help promote healthy bone collagen matrix.*^{15,16}

SERVING SIZE: About 1 Scoop

SERVINGS PER CONTAINER: 30

Ingredients	Amount	%DV
Collagen Peptides	17.5 mg	**
Gelatin Hydrolysate (FORTIGEL®)	5 g	**
Gelatin Hydrolysate (FORTIBONE®)	5 g	**
Gelatin Hydrolysate (TENDOFORTE®)	5 g	**
Gelatin Hydrolysate (VERISOL®)	2.5 g	**
Calories	60	**
Protein	15 g	**
Sodium	35 mg	2%

OTHER INGREDIENTS: Bovine Collagen Peptides. FORTIGEL®, FORTIBONE®, TENDOFORTE®, and VERISOL® are registered trademarks of GELITA AG.

DIRECTIONS: Shake canister before scooping. Mix 1 scoop in 8 ounces of water, your favorite beverage, or a recipe as a dietary supplement or as directed by your healthcare practitioner.

CAUTION: Consult your healthcare practitioner before use. If taking heart medications or have a chronic health condition, inform your healthcare practitioner. Keep out of reach of children.

WARNING: Do not use if pregnant or nursing.

GLUTEN-FREE

DAIRY-FREE

NON-GMO

PRODUCED IN A
 cGMP FACILITY

Why Use Collagen Restore?

Collagen Restore is the ideal nutritional supplement for individuals looking for a comprehensive formula to support concentrated dietary collagen intake.* This easy-to-mix unflavored powdered formula is a rich source of collagen peptides to support healthy skin, nails, joints, bones, ligaments, and tendons.

Ingredients	Amount	%DV
Alanine	1,290 mg	**
Arginine	1,100 mg	**
Aspartic Acid	870 mg	**
Glutamic Acid	1,530 mg	**
Glycine	3,330 mg	**
Histidine	150 mg	**
Hydroxylysine	240 mg	**
Hydroxyproline	1,790 mg	**
Isoleucine	210 mg	**
Leucine	410 mg	**
Lysine	540 mg	**
Methionine	140 mg	**
Phenylalanine	320 mg	**
Proline	1,910 mg	**
Serine	480 mg	**
Threonine	270 mg	**
Tyrosine	120 mg	**
Valine	360 mg	**
