Studies show that formative assessments with individualized feedback improve student grades.

### Improve Learning Outcomes

**Meaningful Feedback**—Students may compare their results to their peers on the quiz and topic level.

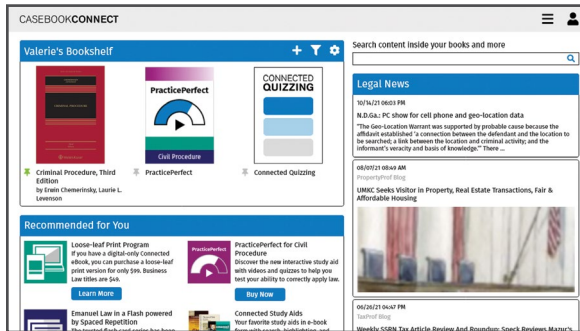

**Recommended Reading**—Students receive a detailed rationale for each question and recommended reading keyed to their textbook, when a mapped version is adopted, which enhances learning prior to exams.

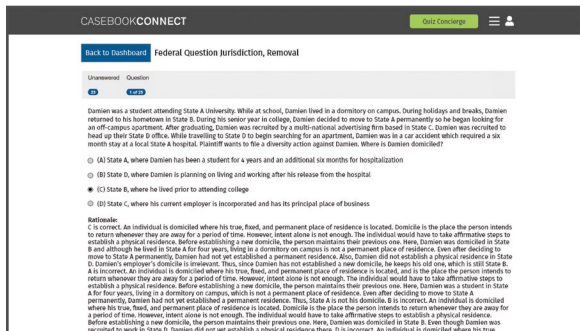

# Connected Quizzing

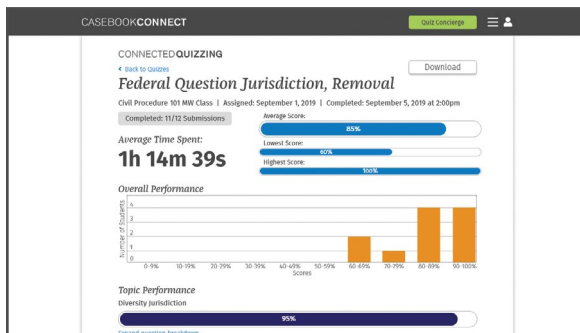

Simple to Implement. Powerful Reporting.

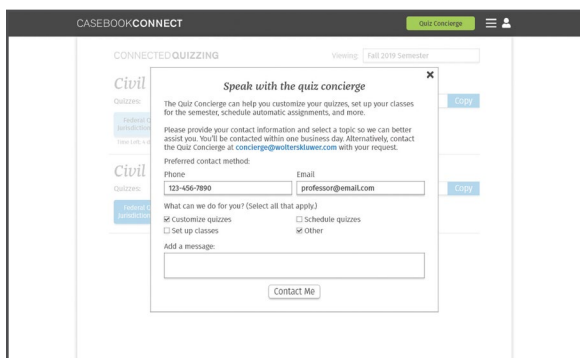

Access everything you need for the semester through your **Casebook Connect account**, where you'll find quizzes featuring **high-quality assessment questions** and a **Quiz Concierge** service for on-demand support. Simply contact your Aspen Publishing Sales Representative to request access to **Connected Quizzing**.

As a professor, you can preview a quiz, including additional details for each question like topic, book chapter, and skill level tested. Customize your quiz by adding, modifying, or removing question content via the Quiz Concierge service.

Timely, powerful reporting throughout the semester helps identify topics where the class is struggling as well as evaluate the strengths and weaknesses of individual students.

Click the Quiz Concierge button, or email [concierge@aspenspublishing.com](mailto:concierge@aspenspublishing.com), to request assistance using **Connected Quizzing** at any time—whether it's help setting up a class, assigning a quiz, or customizing quizzes, the Quiz Concierge will be happy to assist you..
