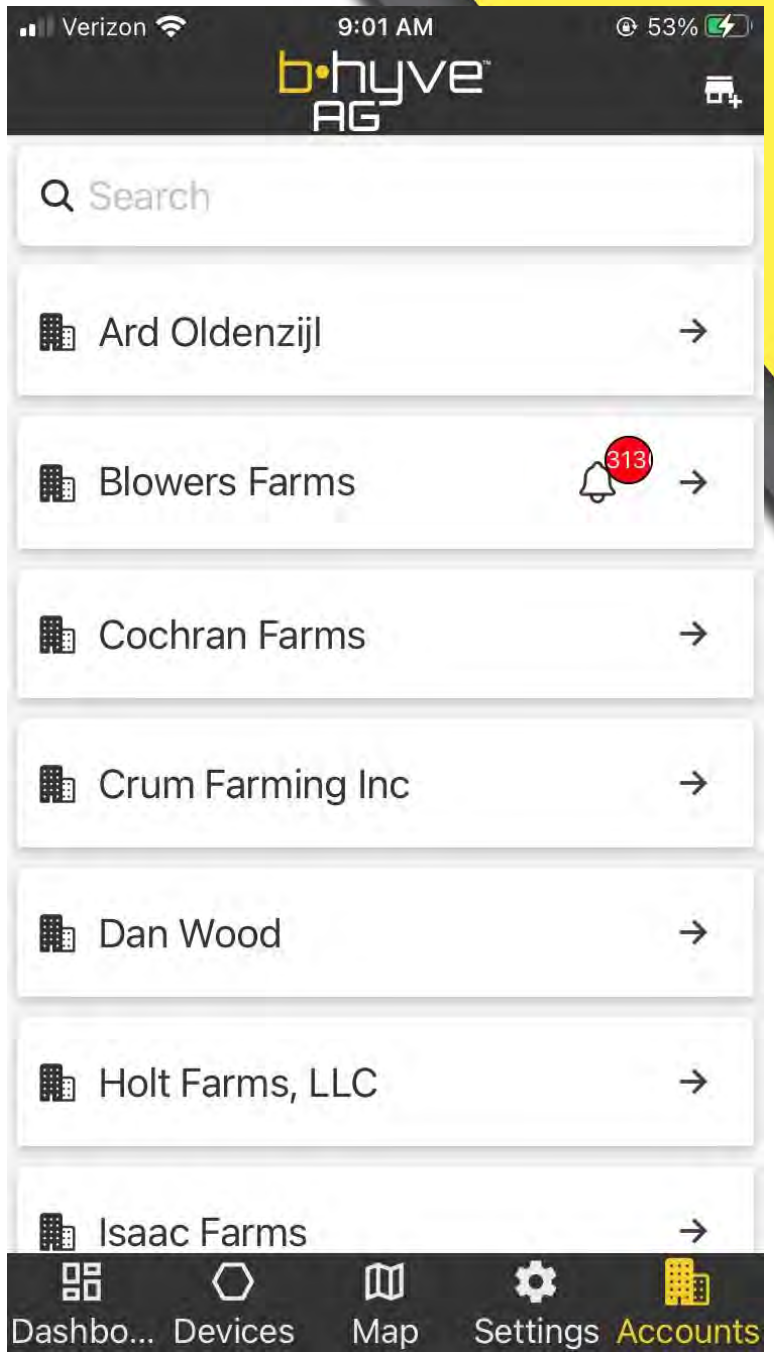
THE APP



AU/NZ Distributor

IRRICO

info@irrico.com.au

b·hyve AG

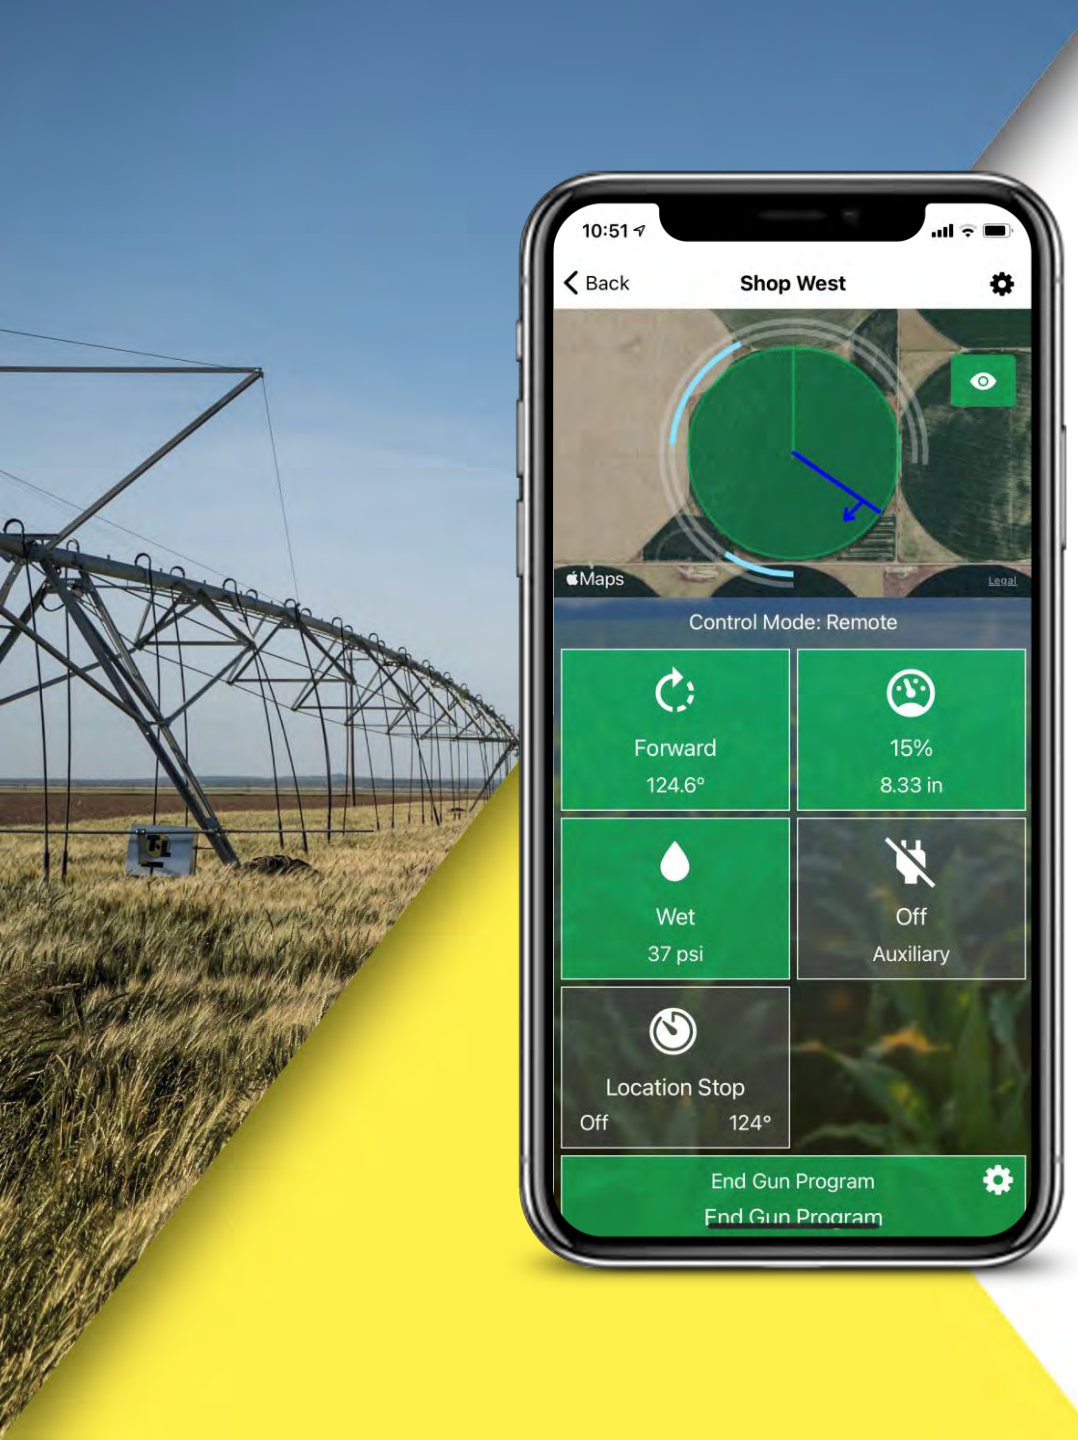
AU/NZ Distributor
IRRICO
info@irrico.com.au

APP

- List Screen give this grower details about each pivot
- Red shows faults and disconnects to quickly get their attention.
- Position, pressure, location stop, and more all available from this screen
- Navigate quickly to any pivot with a tap

b·hyve AG

AU/NZ Distributor
IRRICO
info@irrico.com.au

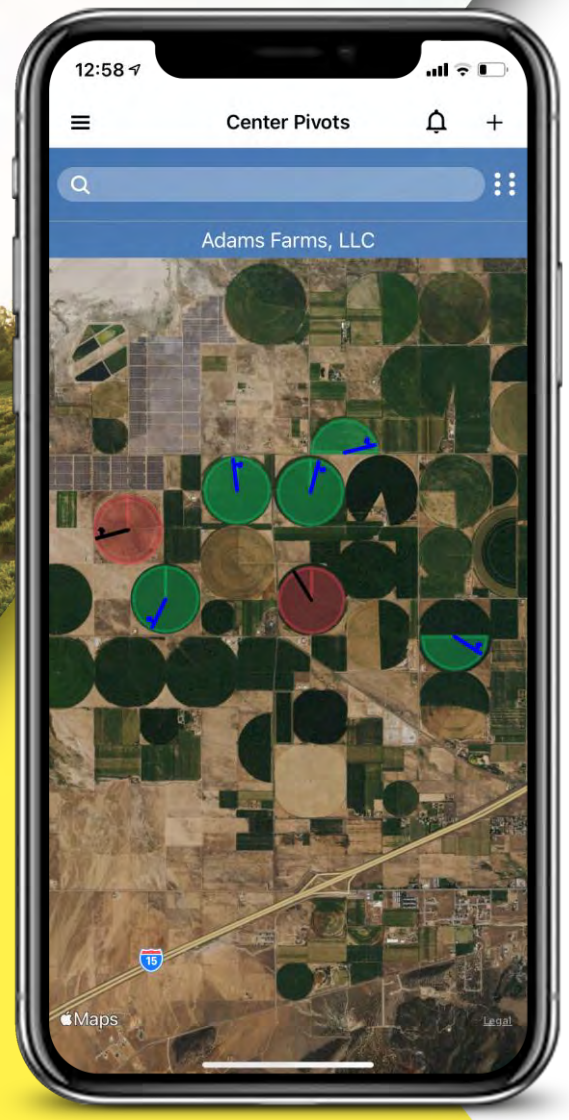


APP

- Developed with the Grower in mind
- Constantly receiving feedback from growers and dealers on how things look and feel in the app

b·hyve™ AG

AU/NZ Distributor
IRRICO
info@irrico.com.au

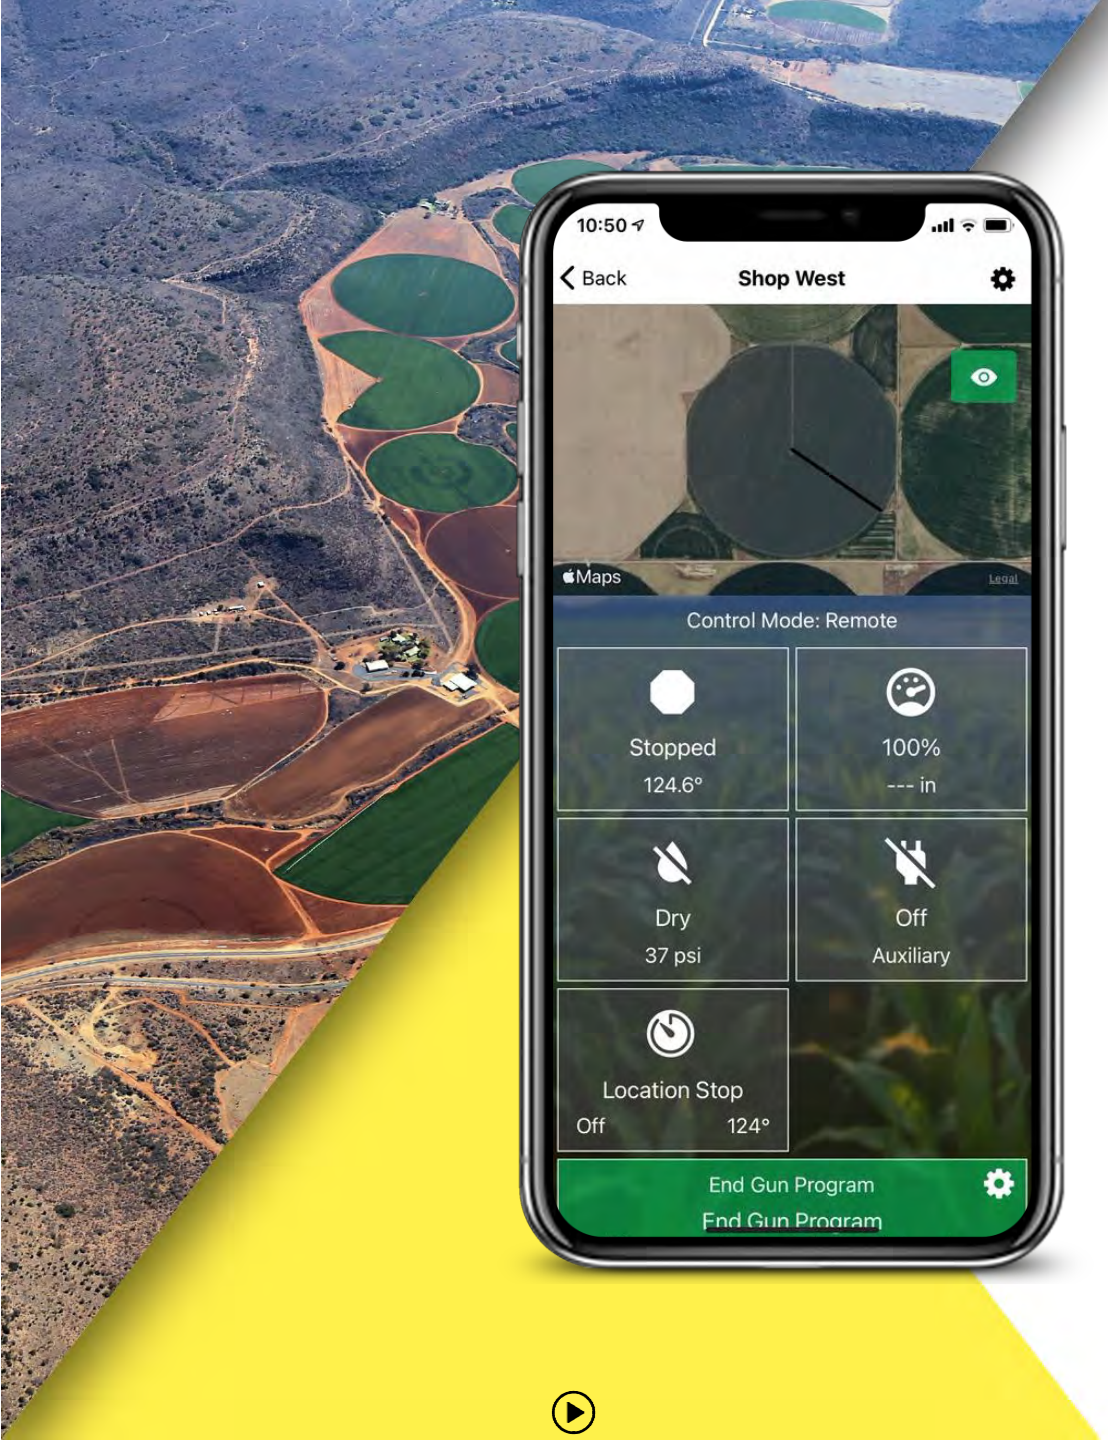


APP

- Map View let's you view all the pivots at once on a map
- Colors and markers consistent with the rest of the app which allows you to quickly view the status of all your machines

b·hyve AG

AU/NZ Distributor
IRRICO
info@irrico.com.au



APP

- From tapping Forward to the device receiving that event in 20 ms
- Let's you control your pivot as if you were pressing the button on the panel
- Roughly 1000 times faster than competitors on cellular

b·hyve™ AG
