

CLIMATE ACTION KIT

Smart Farming

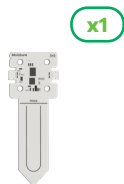

The Smart Farming Climate Action Kit contains all of the components and building blocks to build three smart farming-themed robotic coding projects.

Robotic Components

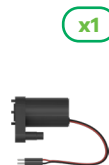

Breakout Board with Battery ⁽¹⁾

Moisture Sensor

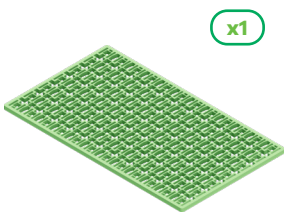

LED Light

Water Pump

Building Blocks

Base Plate

Long Frame

Corner Connector

Cube Connector

Back-to-Back Connector

Component Backing Connector ⁽²⁾

Additional Parts

Long Cable Connector

Short Cable Connector

USB Cable

Water Tubing

(1) micro:bit V2 required, sold separately
(2) Pre-assembled
