

# RESULT & PYRAMID

DESIGN BY BY FRISO KRAMER & WIM RIETVELD

HAY

## RESULT & PYRAMID

Created to be adaptable, light and strong, the Result Chair and Pyramid Tables are the last word in cutout sheet steel construction. Originally created by Friso Kramer and Wim Rietveld while working at Ahrend in the 1950s, the collection has been relaunched by HAY together with Ahrend. When initially launched in the '50s, it was regarded as a triumph in its innovative use of sheet steel, giving new direction for use in organically shaped products. Today, both as individual pieces and as a collection, it is notable for its sparing use of materials, simplistic construction and for being light enough to move around. These lasting designs manifest functional excellence and aesthetic lightness that have been proved in real environments over several generations.

Result Chair, Steelcut 220, Matt lacquer back, Black frame

Result Chair, Canvas 356, Matt lacquer oak back, Black frame
