AP&G., CO INC. TIMELINE

FROM BIRTH AND INNOVATION, THROUGH EXPANSION

1952

Moses Frisch, an immigrant chemist from Hungary, opens the doors to Atlantic Paste & Glue, a manufacturer of specialty adhesives based in Brooklyn, N.Y.

1972

President and CEO Steve Frisch, a graduate of Brooklyn College, joins his father in the business.

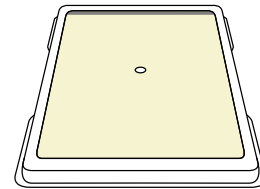

1977

Catchmaster brand introduced to the pest management industry.

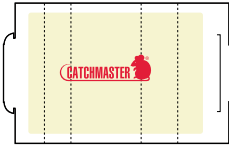

1982

First Catchmaster glue traps introduced.

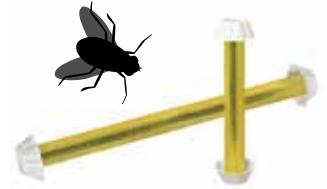

1984

Introduction of Catchmaster glue boards.

1991

Atlantic Paste & Glue introduces Catchmaster fly product line.

1999

Atlantic Paste & Glue introduces mechanical rodent traps.

2000

Atlantic Paste & Glue becomes AP&G Co., Inc.

2010

AP&G introduces a line of bed bug adhesives, traps and monitors.

2011

GLostik and SilentTrap Flying Insect Traps added to AP&G product line.

2015

AP&G enters mosquito management with the CDC developed non-toxic Ovi-Catch mosquito trap.

2016

AP&G moves administrative offices and production facility to Bayonne, NJ.

2018

AP&G introduces Catch Zone™ the quickest way to cover large areas.

2021

AP&G launches Ovi-Planter™ Mosquito Trap, which uses award-winning technology to provide incognito mosquito management.

Intelligent Pest Management

AP&G is a leading manufacturer of Intelligent Pest Management solutions. We utilize a science-based approach to create high-quality products for rodent, insect & mosquito management.

We leave no stones unturned when it comes to developing our product line. Our glue is our bond and it is backed with 65+ years of know-how. Our products are field-tested under the harshest conditions to ensure maximum reliability for any level of pest control expert.

We believe that monitoring is a cornerstone to Intelligent Pest Management and all our products reflect this belief. Our products allow you to monitor rodents, insects & mosquitoes with confidence.

Our roots go back to the early 1950s starting with the production of specialty adhesives. We introduced the Catchmaster® brand in 1977 to deliver Intelligent Pest Management solutions and we are proud of our continuing support of Pest Management Professionals worldwide.

72MB SERIES MOUSE GLUE BOARDS

Super – maximum holding power

Item: #72MBPB – Peanut Butter

Standard – the trusted industry standard

Item: #72MB – Peanut Butter

Item: #72MBUS – Unscented

Maintenance – for areas with less pest pressure

Item: #72MB45US – Unscented

Econo – great for monitoring

Item: #72MAX – Peanut Butter

Item: #72MAXUS – Unscented

Packed: 72 Traps per Case

Size: 8 x 5.25"

Made in USA

The 72MB Glue Board Series is available in different strengths and with various food grade attractants to fit your needs. Our 72MB Series traps will not harden, even after the release paper is removed, for at least one full year when used under normal conditions.*

- Huge catching surface – 30 sq. in.
- The best adhesive formula available.
- Perforated to tear off and place glue side directly against baseboards.
- Folds into tunnel shape for use in tight or dusty areas.
- IPM chart printed on back.

*Extreme conditions include exposing traps to extended periods of temperatures that exceed 120° F, or exposure to excessively dusty areas. Under such conditions, the trap will work but may not maintain its effectiveness for long periods.

72TB TASTY BANANA MOUSE GLUE BOARDS

Item: #72TB

Packed: 72 Traps per Case

Size: 8 x 5.25"

Scent: Banana

Made in USA

Our Banana Mouse Glue Boards attract mice and insects with their inviting banana scent. The boards feature our trusted adhesive formula and can be torn in half to fit a variety of needs.

72TC SERIES MOUSE & INSECT GLUE BOARDS

Item: #72TC – Peanut Butter
Item: #72TCUS – Unscented
Packed: 72 Boards per Case
Size: 10.125 x 4.04"

Made in USA

Can be used with Catchmaster® Multi-Catch™ (612MC, pg. 11), many other competitive multiple catch units or as a stand-alone glue board.

150MBGL MOUSE & INSECT GLUE BOARDS

Item: #150MBGL
Packed: 150 Boards per Case
Size: 7 x 3.5"
Scent: Peanut Butter

Made in USA

Smaller and more economical than the 72MB Series. Perforated to fold or tear for placement next to walls and folds to form a tunnel.

934 CATCH ZONE™ PEST BOUNDARY ROLL

Item: #934
Packed: 6 Rolls per Box
Size: 60' x 12"
Scent: N/A

Made in USA

Each roll measures 60' x 12" and is easily cut, making Catch Zone™ the optimal tool for protecting large, sensitive areas. Perfect for clean outs and hot spots, Catch Zone™ traps and controls mice and insects and is compatible with attractants and pheromones. Cover more in less time with Catch Zone™.

- Easy to deploy, Catchmaster® Catch Zone™ is the quickest way to protect larger areas
- Ideal for protecting sensitive areas & product, especially pallets
- Traps & controls mice & insects

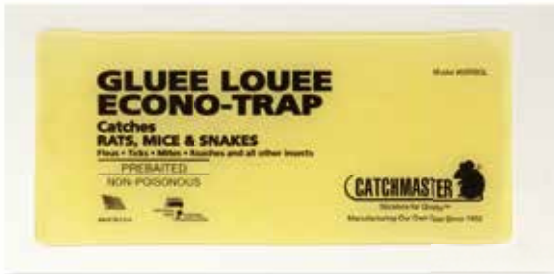

CATCH ZONE™

PEST BOUNDARY ROLL

COVER MORE IN LESS TIME

Catchmaster® Catch Zone™ is the quickest way to protect larger areas from rodents and crawling insects.

60RGL RAT GLUE BOARDS

Item: #60RGL
Packed: 60 Boards per Case
Size: 12.13 x 6"
Scent: Peanut Butter

Made in USA

Heavy adhesive coverage designed to capture rats. Perforated folds on both sides can be torn off for use against the wall to prevent drag offs.

24GRB GIANT RAT GLUE BOARDS

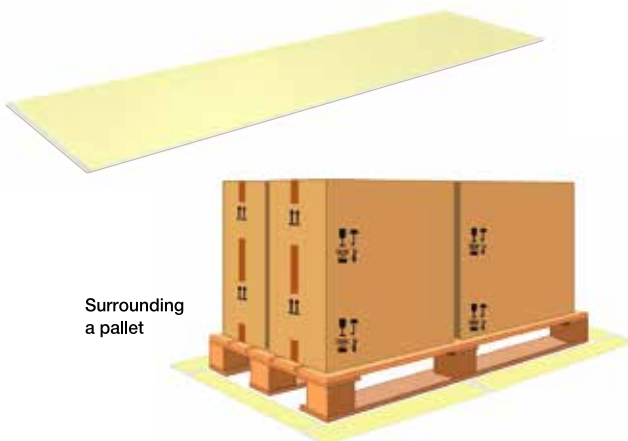

Item: #24GRB
Packed: 24 Boards per Case
Size: 18.5 x 10.5"
Scent: Peanut Butter

Made in USA

A heavy-duty glue board with nearly a half-pound of catching power spread across 132 square inches! Perforated side tears off for placement against the wall to secure traps and prevent drag offs. Use under pallets as a clean-out tool in warehouses. Can be used with Hercules Putty™ to secure in place. (Page 14)

72XL EXTRA LONG MOUSE & INSECT GLUE BOARDS

Item: #72XL
Packed: 72 Boards per Case
Size: 24 x 4"
Scent: Unscented

Made in USA

The 72XL Glue Board is an extra long trap for even wider coverage. Keep pests from infesting goods in warehouses, storage facilities, supermarkets and other sensitive areas. Surround pallets and shelving with 72XL Glue Boards to create protection zones. Keep pests from coming into an area by placing 72XL along the perimeter of a room.

96M MOUSE GLUE TRAYS (BULK)

Item: #96M
Packed: 96 Trays per Case (Bulk)
Size: 5.19 x 3.41"
Scent: Cherry

Made in USA

48R SERIES RAT GLUE TRAYS

Item: #48RNHP – Cherry | **Black Tray**

Item: #48WNHP – Cherry | **White Tray**

Packed: 24 - 2 Trays per Case

Size: 10.22 x 5.22"

Item: #48ROOF – Cherry (Black Tray – designed for Roof Rats)

Packed: 24 - 2 Trays per Case

Size: 7.13 x 5.06"

Bulk packs

Item: #48RB – Cherry (Black)
Item: #48RB-W – Cherry (White)
Item: #1448B – Cherry (Black)
Packed: 48 Trays per Case
Size: 10.22 x 5.22"

Cold Weather Tray

Item: #48RWRG – Cherry (White)
Packed: 24 - 2 Trays per Case
Size: 10.22 x 5.22"

Made in USA

Our 48R rat tray series is a result of years of research and development, as well as extensive input from our professional pest management partners. Use it with Hercules Putty™ (Page 14) to prevent dragging—even when a full grown adult Norway Rat is intent on getting away! All 48R Series trays are effective for one full year when used under normal conditions.

24XL JUMBO RAT GLUE TRAYS

Item: #24XL
Packed: 12 - 2 Trays per Case
Size: 10.25 x 10.875"
Scent: Cherry

Made in USA

The 24XL is the largest glue tray in the Catchmaster® line of rodent control products. At 81sq. in. of catching power, the 24XL Jumbo Rat Glue Tray provides twice the capture area as the 48R Series. Great for use as a clean out tool underneath large undisturbed areas such as vending machines, cabinets, commercial counters, attics, etc.

CATCHMASTER® GLUE TRAP FIELD GUIDE

WHY USE CATCHMASTER® GLUE TRAPS?

- Important components of IPM.
- Field-tested under the harshest conditions.
- Our glue is backed with 65+ years of know-how.
- Economical. Easy to deploy.

Non-Toxic –
home &
family safe

Long-Lasting –
effective for up
to one full year

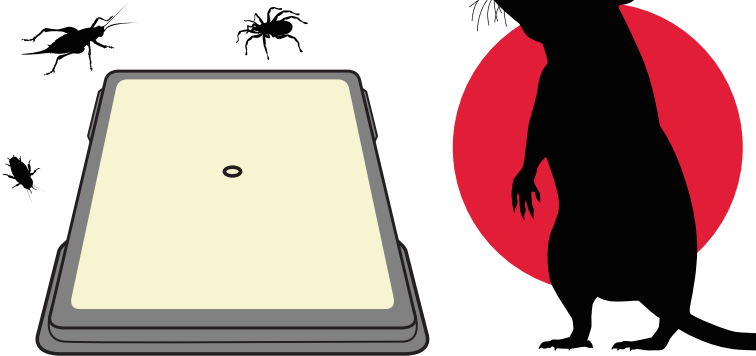

Pest
Identification

Fast-Acting –
no additional
baiting required

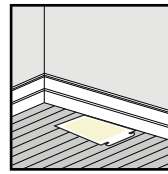

GLUE TRAPPING TIPS

- The more the merrier – rodents and insects can be fickle, placing several traps will increase your likelihood of a catch
- If possible, leave the trap in the environment for a day or two before removing the release paper, this will allow for pests to acclimate to the trap
- Secure traps with Hercules putty
- If moisture is present, use a glue tray

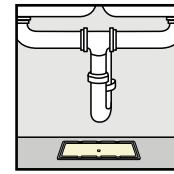

WHERE TO DEPLOY

612SRL	Solid Lid	12 Traps per Case	10.25 x 6.25 x 1.75"
612LID	Replacement Window	25 pcs per Case	4.625 x 8"

#612MC-BLK

#612MC-WHT

Economical and simple-to-use, Catchmaster® Multi-Catch™ features a smooth inner rim without any sharp edges, making it easy to quickly dispose and replace glue boards. Perfect for use in schools, medical facilities, or other sensitive accounts. Service record labels Included (1 per trap).

611 DUAL ACTION TWIN CATCH

Item: #611
Packed: 12 Traps per Case
Size: 10.25 x 6.5 x 2.5"

Our Catchmaster® Dual Action Twin Catch trap features a raised roof to increase your trapping options. With extra clearance, the trap accommodates up to 2 of our 605P Quick Set snap traps. Our 72TC glue board can be folded into the trap to monitor for insects. The result is a multi-catch trap that helps prevent rodent contact with the glue board, ideal for sensitive accounts.

- Raised roof for increased trapping options
- Compatible with 605P Quick Set Snap Traps & 72TC glue board
- Multi-catch trap that prevents rodent contact with glue board – ideal for sensitive accounts
- Removable tunnels for easy cleaning
- Smooth inner rims for easy servicing
- Private label options available

613 MULTI-CATCH™ MINI TRAP

Item: #613MCMS

Packed: 12 per Case

Size: 10.25 x 3.625 x 1.75"

- Economical/Reusable
- Narrow profile Multi-Catch™ Mini
- Use with 72TC3 glue boards
- Rolled edges and easy-access panel
- Private label options

614 SLIM™ TRAP

Item: #614

Packed: 12 per Case

Size: 2.5 x 2.25 x 16"

Made in USA

- Economical/Reusable
- Narrow profile Multi-Catch
- Durable polycarbonate construction
- Removable components for cleaning
- Use with 72TC3 glue boards

605P & 621P QUICK SET SNAP TRAPS

#605P

#621P

Item #	Series	Packed	Size	Height When Set

DISCOVER MORE AT CATCHMASTERPRO.COM/OVI-PLANTER

CATCHMASTER® OVI-CATCH™ MOSQUITO TRAP

WHAT IS OVI-CATCH™?

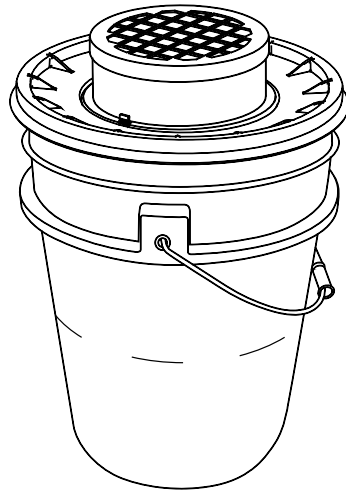

The Ovi-Catch™ Mosquito Trap is based on technology that was developed and tested in the performance of research conducted at the Centers for Disease Control and Prevention (CDC) laboratory in Puerto Rico.

“Ovi-Catch™” is a trade name for “Autocidal Gravid Ovitrap”, which is a trap that has been **designed to use mosquitoes' breeding tendencies against them.**

Each Ovi-Catch™ mosquito trap contains:

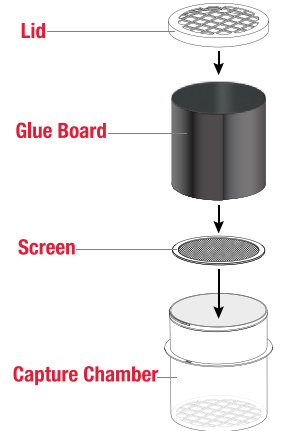

- 5 gallon container
- Capture chamber
- Glue board

WHY IS OVI-CATCH™ DIFFERENT FROM OTHER MOSQUITO PRODUCTS?

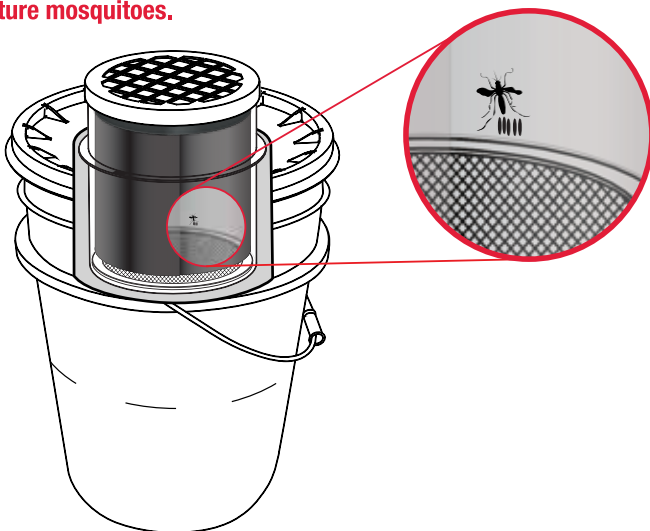

- The Ovi-Catch™ trap is safe for families, pets and the environment.
- It is non-toxic and pesticide-free.
- Some of the most invasive mosquito species are known as “container breeders”. This means they search out containers to lay their eggs. **Ovi-Catch™ uses this natural instinct to trap them on the glue board.**
- Not only do glue boards manage mosquito populations, they also allow for monitoring of species and optimal treatments.

WHAT ARE THE EXPECTED RESULTS?

- Female mosquitoes can lay up to **150 eggs in a single batch.**
- Female mosquitoes can lay up to **6 batches of eggs** in their lifetime.
- Each female mosquito trapped **can prevent up to 1,000 future mosquitoes.**

WHERE SHOULD OVI-CATCH™ BE DEPLOYED?

The female mosquito seeks areas that are:

COOL

SHADED

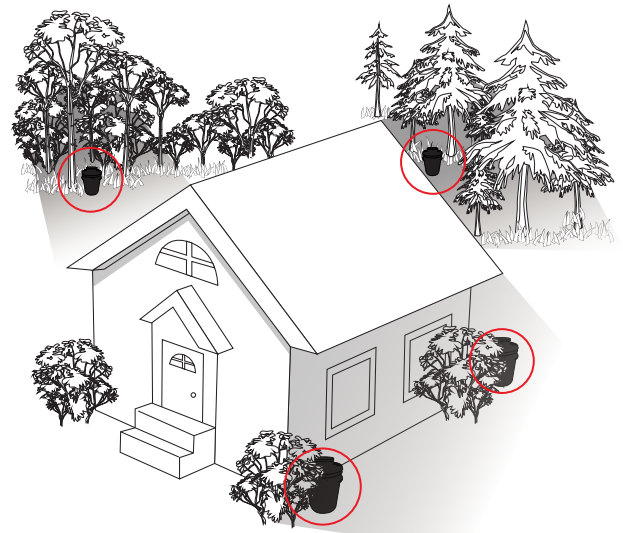

OUT OF THE WIND

MOIST

Therefore, Ovi-Catch™ should be deployed in areas on a property that fit this description, including:

**AROUND VEGETATION • PROTECTED AREAS, LIKE COVERED PATIOS
PROPERTY CORNERS • ANYWHERE NEAR STANDING WATER**

OVI-1 OVI-CATCH™ MOSQUITO TRAP

Item: #OVI-1

Packed: 2 Traps per case

Size: 12.5 x 17.25

Made in USA

Elimination of up to 1,000 future mosquitoes per female caught

The Ovi-Catch is based on technology that was developed and tested in the performance of research conducted at the Centers for Disease Control and Prevention laboratory in Puerto Rico.

Surveillance tool designed to catch female mosquitoes during the breeding cycle. Studies show that the AGO traps are effective in controlling mosquitoes, such as *Aedes aegypti* and *Aedes albopictus*, which are known carriers of chikungunya, dengue and Zika viruses. Recent field results from the CDC indicate that removing 30% of egg-laying females can reduce populations by up to 80%.

32AGO MOSQUITO TRAP REPLACEMENT GLUE BOARDS

Item: #32AGO

Packed: 192 Boards per case, 48 per Box

Length: 20.5 x 6.1875"

OVI-PLANTER™ MOSQUITO TRAP

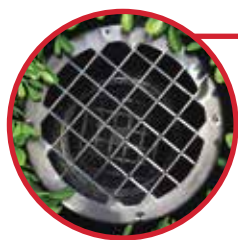

Item: #OVI-PLANTER

Packed: 1 Trap per case

Size: 14.125 x 14.125 x 13.5"

Made in USA

TOP VIEW

The Ovi-Planter™ mosquito trap makes mosquito control attractive. It targets female mosquitoes, using their breeding habits against them. Capturing just one female mosquito can eliminate up to 1,000 future mosquitoes. Tests reveal that eliminating 30% of female mosquitoes reduces populations by 80%. Ovi-Planter™ is backed by peer-reviewed science and fits a monthly service schedule. This year, make mosquito control attractive with Ovi-Planter™.

TREE - BANDING

MONITOR FOR PESTS

INTERRUPT LIFE CYCLES

HELP REDUCE POPULATIONS

TREE-BANDING 101

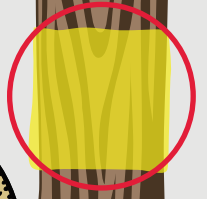

WHAT IS TREE-BANDING?

Tree-banding creates a physical barrier on the trunk

The barrier is composed of:

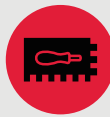

The wrap & glue create an interceptor band

WHAT WILL YOU NEED?

Catchmaster® TB-1 glue

3/16" or 1/4" Slotted Spreader

Box Cutter

Plastic Gloves

Plastic Wrap

INSTRUCTIONS

- 1 Measure the trunk & cut the appropriate amount of plastic wrap
PRO TIP: Place at eye-level to avoid contact with children & pets
- 2 Place the plastic wrap around the tree trunk, securing with staples
PRO TIP: The tighter to the trunk the wrap is, the better
- 3 Utilize the slotted spreader to spread Catchmaster® TB-1 glue uniformly over the band
PRO TIP: Spread evenly to prevent drooping, use a 3/16" slotted spreader for spotted lanternflies, 1/4" slotted spreader for cankerworms
- 4 Re-band every 30 days or as required if covered for debris

WHY TREE-BANDING?

The tree-band will:

Monitor for pests

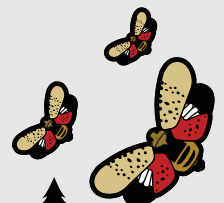

Interrupt life cycles

Help reduce populations

ABOUT CATCHMASTER® TB-1

- ★ Proprietary **SOFT GLUE FORMULA** specifically for tree-banding
- ★ **STAYS STICKY** in all types of weather
- ★ Will not run, **WILL NOT HARDEN**
- ★ **UV INHIBITOR** protects glue from the sun
- ★ **SOFT FORMULATION** minimizes catch of non-target species
- ★ Available in **1 & 5 GALLON SIZES**

Item #	Packed	Trap Size	Monitor Size	Trap Size
288i	288 Traps per Case (864 Monitors)	9.875 x 7.5"	9.875 x 7.5"	Vanilla/Molasses
100i	100 Traps per Case (300 Monitors)	7.75 x 7.5"	7.75 x 7.5"	Vanilla/Molasses

With today's emphasis on IPM, these seemingly simple devices are more important than ever. Catchmaster® monitors are pre-baited and have an adhesive backing for placement anywhere and in any position—even upside-down.

Made in USA

814CM CLOTHES MOTH TRAP

Item: #814CM
Packed: 24 - 2 Packs per Case, 1 Attractant per Trap
Size: 8.5 x 5.25"
Scent: Unscented

Made in USA

Packaged with an attractant that contains a proprietary blend of scents that mimics naturally occurring sex pheromones. With a printed 1 inch grid and IPM chart, the trap acts as a non-toxic monitoring device for species identification and population observation.

For management of:
 Webbing Clothes Moths | Case Making Clothes Moths

BDS-SLR96 SLIDER™ BEDBUG MONITOR

Item: #BDS-SLR96
Packed: 96 Monitors per Case
Size: 2.75 x 2 x 0.625"
Scent: Cherry

Made in USA

Bedbugs explore the textured base of the Slider while entering from all four sides. Bedbugs are then trapped on the adhesive and easily detected through the clear window. The strong plastic design allows for use under mattresses.

DIRECTIONS

1. Peel off the release paper.
Desprende el papel activador.
Détacher le papier couché de séparation.
2. Squeeze trap under baseboard.
Introduzca la trampa debajo del zócalo.
Insérer le piège sous la plinthe.
3. If no baseboard is available, tear off one edge along the dotted line and stick glue edge of trap against wall.
Si no dispone de zócalo, desprende un borde por la línea punteada y adhiera a la pared el borde adhesivo de la trampa.
En l'absence de plinthe, déchirer un bord le long de la ligne pointillée et coller le bord encoché du piège contre le mur.
4. As a covered trap, fold and lock tabs, and place against wall.
Para armar una trampa cubierta, pliegue las lengüetas y trábelas en las ranuras correspondientes, y coloque la trampa contra la pared.
Pour utilisation comme piège couvert, plier et bloquer les languettes, et placer contre le mur.

Dispose of in a sanitary manner. In case of accidental contact with adhesive, easily clean up with paint thinner on floors. Use ice, vegetable oil, or mineral spirits to free humans or animals. Deschar de manera sanitaria.
 En caso de contacto accidental con el adhesivo, limpie fácilmente con disolvente de pintura en el piso. Utilice hielo, aceite vegetal o agua mineral para removerlo en seres humanos o animales.
