# HELLO, WE ARE KUATRO!

*It takes teamwork to make the dream work*

In Kuatro Carpets we are a young team with a lot of enthusiasm and dedication to working in the world of carpets. Coming from a family-owned carpet import company, Kuatro Carpets can look back on many years of experience in the market. The combination of this experience with our desire for the new and modern merges into the devotion to offer our customers new ideas according to the demands of our times.

We want to offer our customers a range of high quality rugs, with a touch of individuality and personality. We design our rugs in Europe and manufacture them in our partner factories, mainly in India.

All our rugs are made without child labor. In our factories we guarantee fair and equitable working conditions for our workers. We also care about their living conditions and actively work with the community to improve their access to education, improved housing, sanitation and water.

We turn creativity into beauty, elegance and above all, a cosy home.
