

## **RCS Griddle - ARG Series - ASG1**

Congratulations on your griddle purchase! For the latest cooking and cleaning tips, please visit [RCSGasGrills.com](http://RCSGasGrills.com). There you will see how easy it is to clean and enjoy as well as some great cooking videos.

### **In the meantime, here a few dos/don'ts**

DO: Place your new griddle on top of your grill grates with the grease trough closest to the front of the grill.

Do: When not in use, remove the griddle and store it in a cool, dry place out of the weather.

DO: Clean your griddle at the end of each use.

Do not: Let the trough accumulate TOO much grease/debris before emptying and allow the grease tray to cool before attempting to remove it.

Do not: Use the griddle over an infra-red or sear burner.

Do not: Use the griddle on anything but a gas grill.

Do not: Use more than one griddle on your grill at a time!
