

Ceramic tubes with flat tray

Instruction Manual

#L89746

** Please read the instruction manual carefully before use.**

INSTALLATION INSTRUCTION

Step(1)

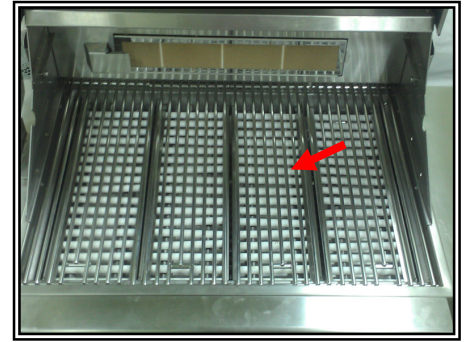

Remove grates and flame tamers first.

Step(2)

Place ceramic tubes with flat tray on top of cast stainless steel burner.

Step(3)

Then place grates on ceramic tubes with flat tray.

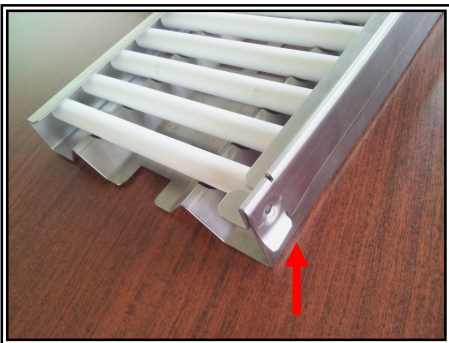

CAUTION!!

PLEASE DO NOT PLACE CERAMIC TUBES WITH FLAT TRAY ON TOP OF SEARING BURNER.

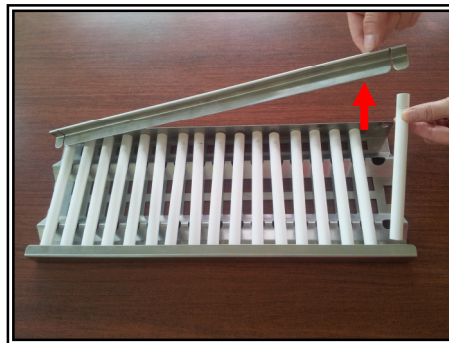

REPLACEMENT INSTRUCTION

Step(1)

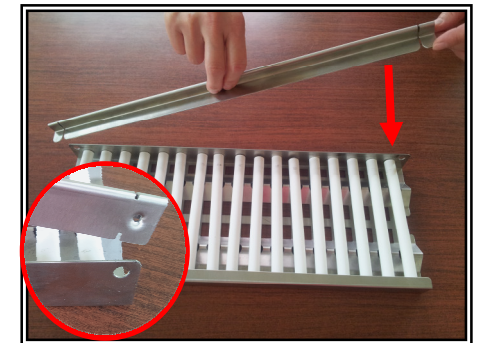

Use one hand to fix the ceramic flat tray and then push up the end cap with two fingers.

Step(2)

Push up the barrier and replace with new ceramic tubes.

Step(3)

After new ceramic tubes replacement, aim at two holes and press down the barrier to fix the end cap.
