

TOBIN ELLIS SIGNATURE SERIES LIMITED EDITION MOBILE BAR

Tobin Ellis

*The World's Most Luxurious,
Ergonomic Mobile Bar*

Engineered solid surface counter

- Mirrors zero-step cockpit shape for improved bartender ergonomics
- “Vanilla Sugar” finish complements many design aesthetics with a neutral, on-trend color

Extra-large inlaid 8” deep perforated workboard keeps bartop clean and dry

- Custom antique copper finish
- Gives plenty of space for the bartender to create drinks and serve guests

Double-drainboard design to both left and right

- Allows for maximum flexibility for any catering or mobile environment

Luxury finishing with eco-friendly recycled leather in “Toffee Crocodile”

- Selected especially for upscale environments

Optimized to an ideal height for all bartenders, male & female

- Increases speed, comfort, and reduces repetitive stress injuries (RSIs)

Lowered front and side cabinet panels to hide casters

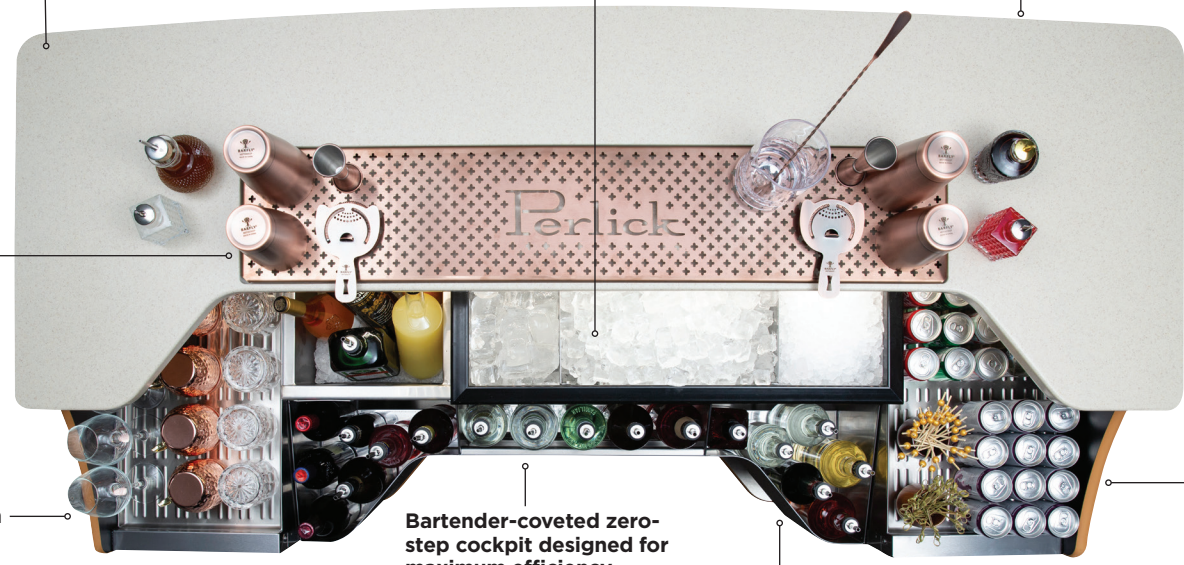

30” Ice Chest and Cover

- Prevents harmful bacteria growth
- Deeper ice chest prevents bartenders from having to bend lower to scoop
- Shown with accessory ice dividers

Designed for High-Volume

- Holds up to 27 liters, 36 pieces of glassware, 40 cans or bottles of soda, 3 types of ice, and more depending on set-up

Featuring smooth, rounded edges and corners throughout for added bartender and guest comfort

Bartender-coveted zero-step cockpit designed for maximum efficiency

- Cockpit speedrail brings bartender closer to their workboard and guests
- Ingredients and tools are within easy reach

Perlick exclusive speed rail design

- Hand bead-polished and rounded to prevent scrapes, cuts, and clothing tears
- Taller, stronger frontwall will not bend or pinch bottles
- More comfortable for bartender’s thighs and knees

Ample bottle storage and access

- All hidden from guest line-of-sight
- Increases bartender productivity

Back View

Grey water tanks for ice melt and drainboard drainage

Lower storage area for backup stock, bus tubs, glass racks, and more

Undercounter LED bartender task lighting for operating in the evening and low light settings

Locking 5” 304 stainless steel casters for corrosion resistance, with polyurethane tread
