|                |                       |
|----------------|-----------------------|
| Physical State | Liquid                |
| Appearance     | Clear or Yellow Tinge |
| pH             | < 4                   |
| Rinse-ability  | Excellent             |

### Equipment Requirements:

**BIG RIG Citric Wash** is best either sprayed on manually threw pump sprayer or brushed on by hand. The acidic properties will do damage to pressure washers if product is run through it.

### **Product Make-Up:**

**BIG RIG Citric Wash** is a concentrated acid product that should be diluted to prior use. **DO NOT USE THROUGH PRESSURE WASHING EQUIPMENT** and for economical purposes it can be diluted down to 1:1 or 1:128 ratio. Rinse with fresh water from top down.

### **Concentration and Application Methods:**

Apply **BIG RIG Citric Wash** by dip, brush, or spray. Be sure to completely wet the surface before rinsing to get optimal cleaning experience. Rinse with fresh water, preferably high pressure.

### **Safety and Handling:**

Read and understand this product's SDS before handling.

### **Waste Treatment:**

Individual users should verify the nature of spent solutions to assure compliance with local, state, and federal regulations.

### **Ordering Information:**

**BIG RIG Citric Wash** is available in 5 gal, 30 gal, 55 gallon drums and 275 gal totes.
