

### Pigment and Tint Amount Chart @ 2% Color to Resin

Resin Amount (oz)	Pigment (oz)	Pigment (grams)
6	0.12	3
12	0.24	7
18	0.36	10
24	0.48	14
30	0.6	17
36	0.72	20
42	0.84	24

This is for reference only. Test color on a piece of scrap foam or white paper to see the color value as it will look darker in the mixing bucket. Add more color as needed to desired look.

Do not exceed 5% color to resin ratio or it may affect resin curing
