

## SUMMER 2022 COLLECTION

# WELCOME

Welcome to our Summer 2022 catalogue. How time has flown by... it's been a whole year since we launched our BLOOM seedstick® collection, and we're celebrating by adding 20 beautiful new designs to the range! We've added new seed varieties, such as pretty pink cosmos flowers and our classic cocktail collection, which includes recipes for some of your favourite cocktails inside!

We're also pleased to be welcoming two new illustrators to the Stormy Knight portfolio - Tati Abaurre and Katie Johnson (known as Katie Made That).

You can discover more about these talented illustrators in our 'What's New' section to the right.

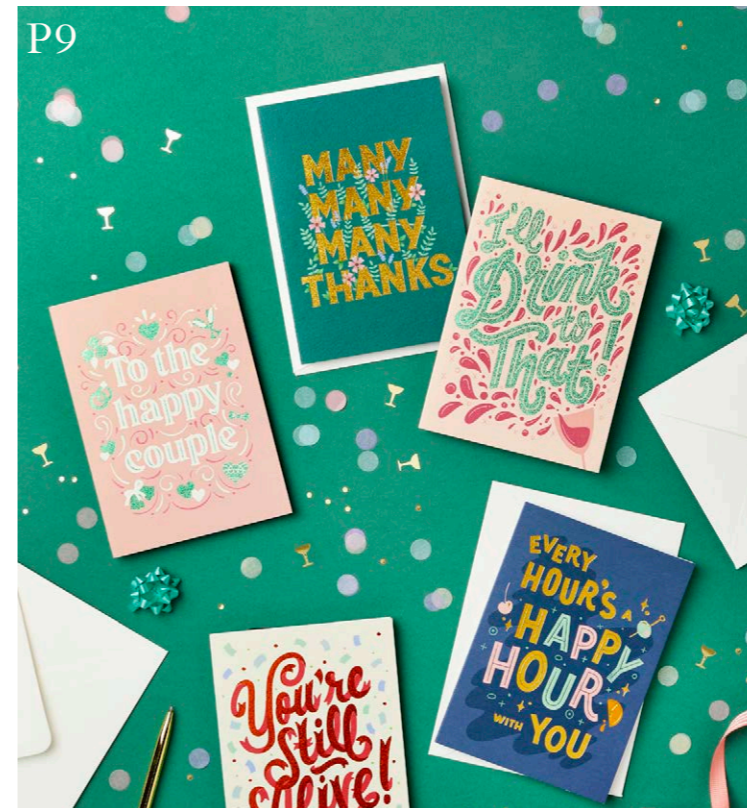

As always, I hope that you love the new designs and that your customers do too!

# WHAT'S NEW

## KATIE MADE THIS

Texas-based lettering artist Katie is in her element creating contemporary detail-focused typographic designs. She's created nine expressive designs for us that are dazzling and celebratory as well as some with more sympathetic sentiments. And we couldn't resist finishing them with some amazing shimmery foil - sunglasses required!

## BLOOM

We've added 20 new designs to our best-selling BLOOM seedstick® collection (illustrated by the talented Clare Owen) - including classic cocktails, new seed varieties such as pink cosmos, more grow your own tree Christmas cards and beautiful garden themed designs - perfect for a summery card display!

## TATI ABAURRE

Tati is a Brazilian pattern illustrator living in Ljubljana, Slovenia. With a love of flora and fauna, her whimsical drawings celebrate the beauty and wonder of nature. The new collection of nine designs features birds and beautiful floral illustrations finished with fine gold foil highlights and simple sentiments.

These cards are rubbish. Literally.

They're made from 100% recycled post-consumer waste,  
and come with a recycled flecked envelope too.

Perfect for the environmentally-conscious gifter with a sense of humour!

Birthday card!**

So I may have once been  
something great,  
like... another card with a  
nice picture on it. But now  
I am just this plain card.

**Happy Birthday.**

## OUR BRAND

All of our cards are designed and printed in the UK and we only use the loveliest recycled or FSC certified stock.

You can find us on the shelves of some of the UK's top retailers such as Oliver Bonas, Paperchase, Scribbler, Selfridges & Harvey Nichols, as well as some of the coolest independents on the High Street.

Most collections are designed in-house by Sarah, however we work with a select number of talented illustrators that we love and whose styles complement our brand.

We're very proud to be a winner of a prestigious Paper Award, plus we've also stacked up a handful of nominations such as Most Promising Young Designer, Best Children's Range and Best Contemporary Trend at the Henries, and Best New Product at the New York Stationery show.
