I pledge to mentor weekly a middle school student for the Guitar Pals Program, an enrichment program for students who cannot afford guitar lessons.

I will arrive promptly 5-10 minutes before Guitar Pals class, prepared to teach guitar with suggested Guitar book and any other applicable learning material provided by Music Teacher of the school. I will read the Guitar Pals Powerpoint, study the Guitar Method book before teaching, remain attentive, use appropriate behavior, and report to the supervisor if there are any concerns or questions. I understand that my service is a donation to the student who will be receiving these lessons free of charge. I want to make a difference in this person's life with the gift of music.

I will give 48 hours notice to the supervisor in charge if I am ill or if I am unable to attend a session due to a required school event at my school. Regular attendance is required.

I will prepare an SSL Activity Form at the close of the semester for the activity director's signature or the school's office staff. I will give this completed form to my school counselor before the semester's deadline for SSL service paperwork.
