- Keep away from and do not use around any person under the age of 21+
- This package contains small parts that may be dangerous to humans and pets if left unattended.
- Do not leave charging longer than 24 hours.
- Only place mouthpiece end into one's mouth.

About the Terp Pen Spectrum

The Boundless Terp Pen Spectrum is an electronic aromatherapy device specifically designed for consuming herbal concentrates.

What's Included

Terp Pen Spectrum, Ceramic Coil, Quartz Coil Multi-Tool, Cleaner Tool, USB-C Cable

Getting Started

1. How to attach, remove, and replace the coil

- **To install**, screw the included coil clockwise into the body.
- **To uninstall and replace**, unscrew the coil counter-clockwise from the unit.

2. Charging

With the included USB-C charging cable, connect the Terp Pen to a charging block. The red battery LED indicator will remain solid while charging and will turn green when fully charged.

3. Cleaning the Coil

To clean the coil, remove outer shell from the unit. Inhale to activate coil and "burn-off" excess material.

4. How to Maintain Terp Pen Spectrum

The Spectrum can be broken down for easy cleaning (see product breakdown). Clean with isopropyl alcohol or alcohol prep pads. Do not get any liquid in USB port or on the coil connection located on the battery module.

5. Adjusting Voltage

Tap five times near the USB port to cycle through the three voltage modes. 3.3v (Blue), 3.7v (Green), & 4.0v (Red)

How it's Used

1. Remove magnetic cap to expose coil

2. Inhale on the mouthpiece to activate coil

3. While inhaling apply concentrate to heated coil and continue to inhale until the dose is consumed.
