

## Product Highlights: OxyTurf – Synthetic Turf Cleaner-Deodorizer

- **Cleaner-Deodorizer** specifically designed for use on all synthetic turf surfaces.
- **Patented** “Stabilized Accelerated” Hydrogen Peroxide based formula.
  - If it's not stabilized, hydrogen peroxide has no shelf life. OT has a **2 year shelf life**.
- **Ready To Use (RTU)** no rinse no scrub formula.
  - OT is not a concentrate, Hydrogen Peroxide **cannot be concentrated** due to it's volatile properties (at 10% or higher it can combust). At 6% it is safe and highly effective.
  - Apply directly to synthetic grass
    - No mixing or dilution is necessary, **DOES NOT WASTE WATER**
  - Does Not Separate like Live Enzyme Products
    - No need to shake
- **Coverage**
  - OxyTurf, when used as directed, cleans and deodorizes between 500-1000sf per gallon.
- **4 in 1**
  - OT is a Surface Cleaner, Degreaser, Fungustat and Odor Eliminator all in one.
- **Fresh Grass Scent**
  - Smells like fresh real grass, like you just had your lawn mowed! Dogs love it and are attracted to it!
  - With “Focus Enhancing Technology” or **F.E.T.**
    - Studies have shown that the smell of real grass causes athletes to focus more and perform better.
- **Starts Working on Contact**
  - Immediately starts to kill **99.9%** of all harmful and odor causing contaminants found on turf.
  - Has a 10 minute dwell and drying time.
    - After **10 minutes** it is safe for use by people and pets.
- **Botanically derived** ingredients
  - Safe for kids, plants, pets, athletes, etc.
- **Helps control fleas**
  - Kills their eggs to stop them from reproducing
  - Damages the protective layer that keeps their bodies from dehydrating
- **Deters mosquitoes**
  - Hydrogen Peroxide repels mosquitoes and also kills their eggs
- **Hard Water Deposits on Turf**
  - Hydrogen Peroxide is great for removing hard water deposits which are common on turf
- **Fungus and Mildew**
  - OxyTurf is also a Fungicide and a Mildew-stat
    - Kills fungus' that grow in synthetic turf
    - Helps control mildew that grows beneath the turf layer
- **Hospital Grade Disinfectant**
  - Can be used to clean and decontaminate ANY hard surface
    - Decks
    - Patio Furniture
    - Concrete
    - Fencing
    - Sports Equipment
