Small Business Awards

Best of Australia 2024

The prestigious Best of Australia Small Business Awards exist to recognize, celebrate, and promote exceptional small businesses in Australia.

Small businesses are the backbone of our economy. We value and respect their contribution and believe it is time for small business visionaries, innovators, disruptors, and entrepreneurs to get the recognition they deserve.

Sending nominations to the BASA Awards is a great way to honor and motivate your employees. Plus, the application feedback from our judges can be an invaluable resource to your business. Download our entry kit to get started.

150+ Categories, 6 Tracks

As one of the largest independent award strictly for small businesses, you will only be fairly competing with other small companies in your industry. The BASA panel of judges is only interested in your work, not your team size, client list, or the years you have been in operation.

MEET THE JUDGING PANEL

Each nomination submitted will be evaluated by a panel of up to six judges in accordance with their areas of expertise.

Get the recognition you deserve. Nominate your business for an award today.
