

# Zero

Quattro diverse dimensioni per esaltare al massimo una forma classica, storica, imprescindibile ancora oggi. La collezione Zero racconta del vetro, della luce in tutta la sua diffusione, della qualità di Prandina che non cambia, ma si tramanda e si continua a raccontare. Prodotti come questo vanno capiti ed interpretati con attenzione, riga dopo riga, parola dopo parola; non si confondono mai perché sono fatti per restare e resistere al vento di tendenze passeggero.

Four different sizes to best celebrate a classic, historic shape that is still indispensable today. The Zero collection demonstrates glass, light in all its diffusion and the unalterable quality of Prandina that has been handed down over time, yet continues to impress. Products like this should be understood and interpreted carefully, line by line, word by word; never confuse them because they are made to stay and resist passing trends.

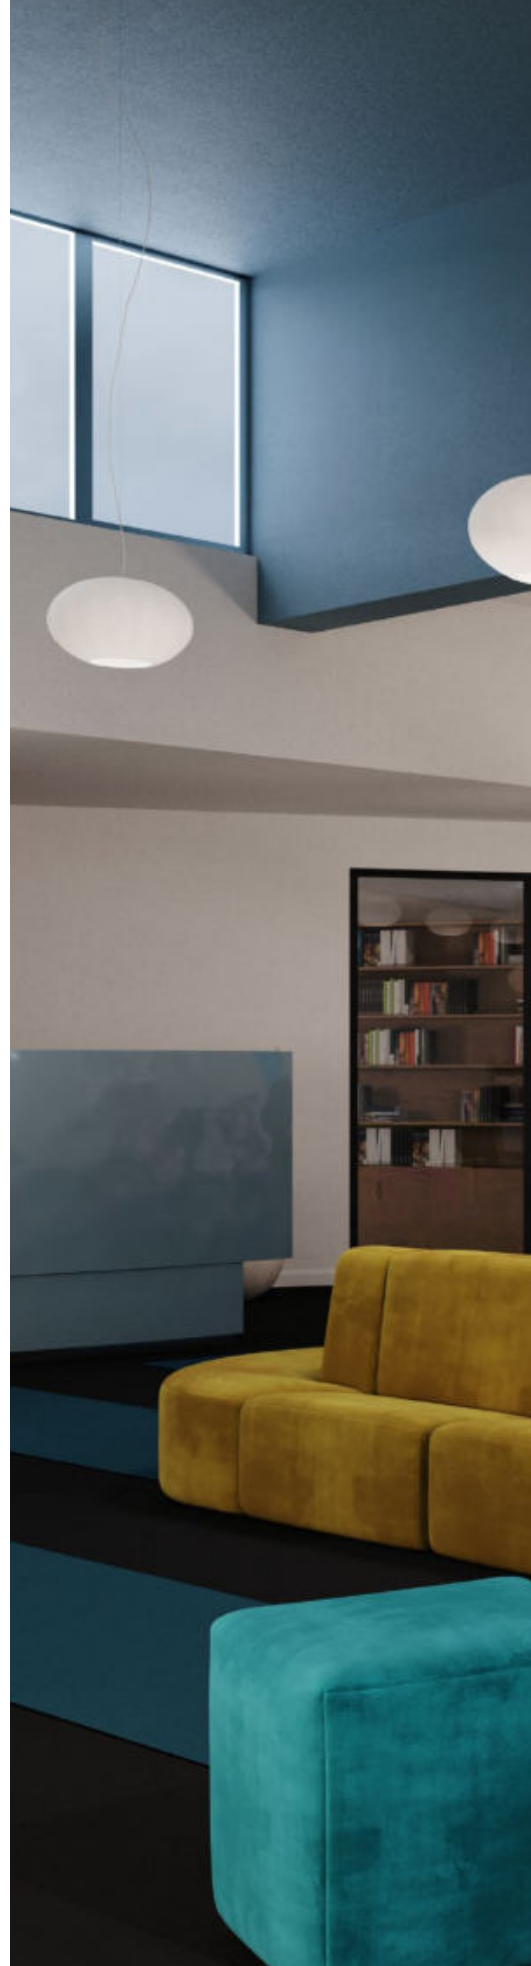

Designer: **Mengotti/Prandina**

La lampada a sospensione Zero si contraddistingue per un diffusore in vetro soffiato, tagliato sul fondo, che rilascia una luce diretta oltre che diffusa.

Zero suspension lamp is made of a blown glass diffuser, cut on the bottom, for a direct and diffused light as well.

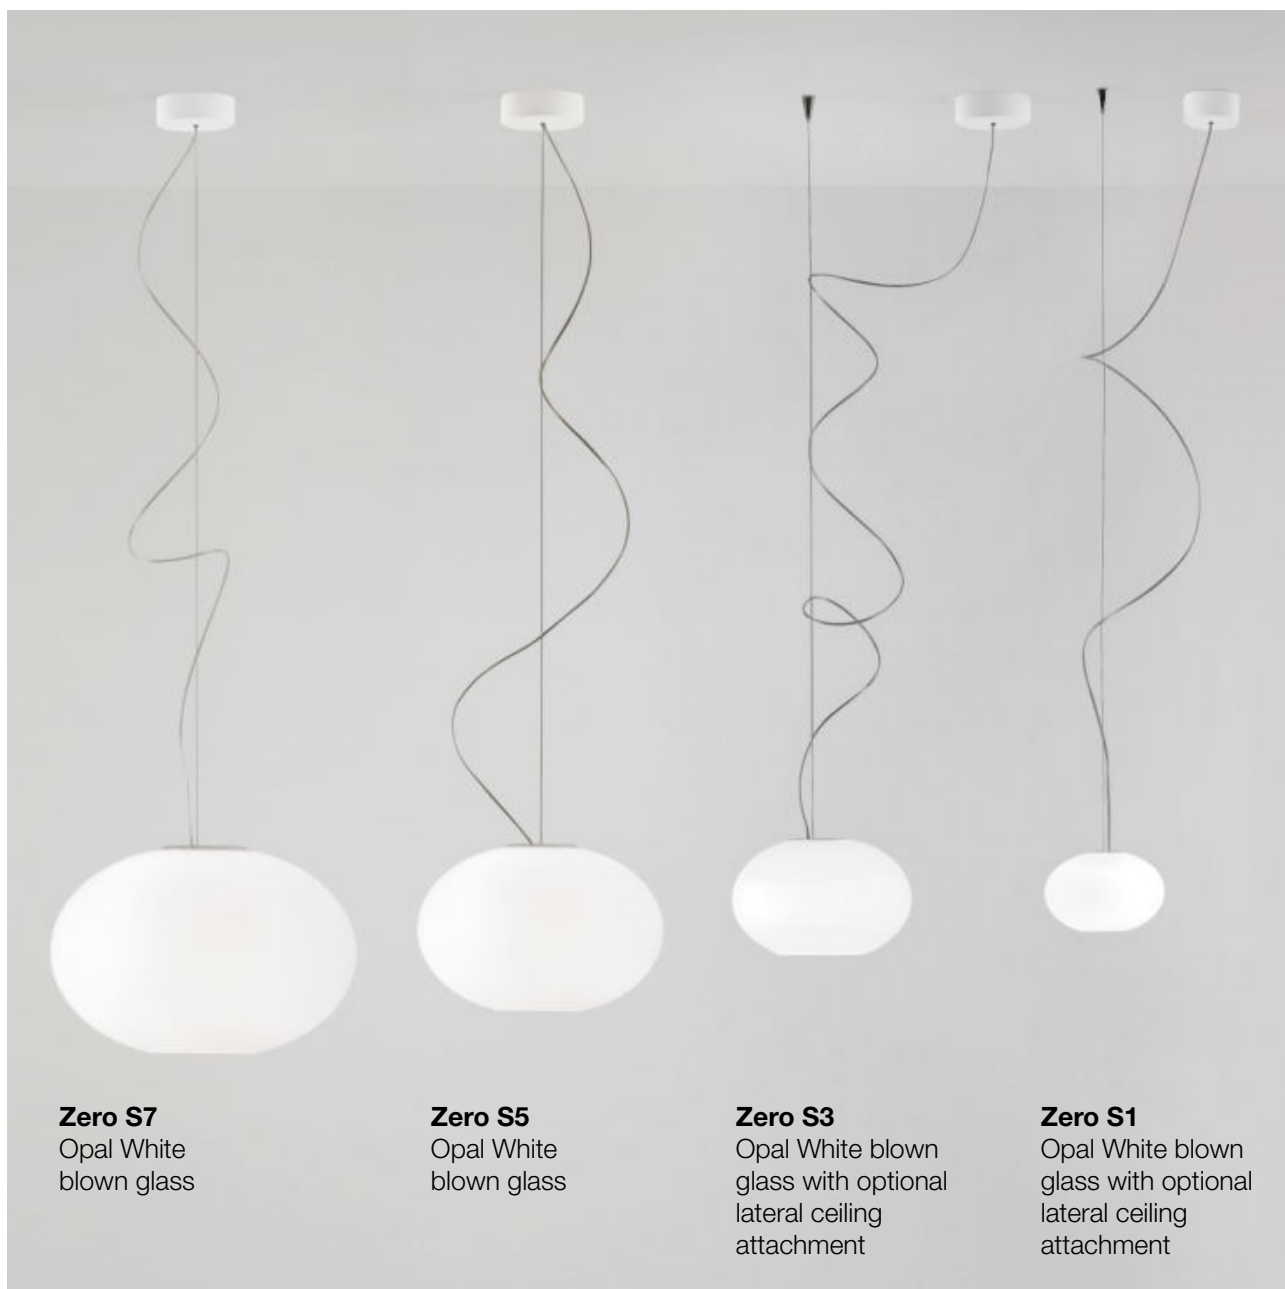

**Zero** | Dati tecnici | Technical data

Il diffusore bianco opalino della lampada a sospensione Zero è un classico senza tempo. Disponibile in quattro dimensioni, non c'è spazio in cui Zero non possa trovare il suo posto perfetto, portando senza alcuno sforzo la luce e l'atmosfera ideali nei tuoi interni.

The opal white diffuser of Zero suspension lamp is a timeless classic. Available in four dimensions, there's no space where Zero cannot find its perfect place. It effortlessly bring the perfect light and atmosphere to your interiors.
