2024

values & mission

Since 2000, Paulo Antunes Furniture excels in furniture craftsmanship, aiming to leave a lasting legacy on Portuguese furniture. Rooted in cultural heritage, our core mission is preserving and promoting the tradition of Portuguese furniture craftsmanship, blending traditional techniques with modern design for timeless pieces.

Education is key to cultural preservation. Committed to investing in the next generation, we partner with schools and offer apprenticeship programs, passing down skills for the continuity of manual manufacturing arts.

Quality is paramount. Adhering to the highest standards, from selecting raw materials to employing skilled artisans, we take pride in delivering furniture that exceeds expectations, embodying the enduring spirit of Portuguese craftsmanship.
