

Shoes & Sox

super easy shoe size guide

before you start:

Print this sheet out at 100% size on A4 paper. (Uncheck 'page scaling' or 'fit to page').

step 1: measure the length of your child's foot

1. Stand your child on a hard surface with their back flat against the wall and the size guide under their foot.
2. Place your child's heel on the heel line. Make sure they have both feet flat on the ground.
3. Their length is the millimetre measurement of the first line past the longest toe.
4. Measure both feet. It is normal for feet to be slightly different sizes. You should use the largest measurements when choosing a size for your child.

step 2: find your size

Use the left side of the super easy shoe size guide to find your UK size.

step 3: head to shoesandsox.com.au

For shoes in EU and US sizing use our online Size Conversion Chart.

For further queries, contact our Fit Squad to ensure you find the perfect fit.
