**WS.D LEVO**

**HEIGHT ADJUSTABLE DESK**

# WHY USE LEVO ADJUSTABLE DESKS?

## Heart Health

Improve blood circulation and lower your risk of heart disease

## Back Pain

Improve posture and reduce back pain while engaging key muscle groups

## Energy Levels

Boost your productivity by increasing your energy levels

## Health

Kick start your metabolism and burn calories throughout the day

## Blood Sugar

Lower blood sugar levels and risk of type 2 diabetes

SINGLE

BENCH

Max Speed: 40mm/s  
Noise level: <45 dB  
Input: 110-230V  
Anti-collision Type: Gyroscope  
Lifting Capacity: 80kg

SINGLE

BENCH

## TOP FINISHES

### Melamine

A durable material, typically used for most desks. Resistance to scratches and abrasion. Easy to clean.

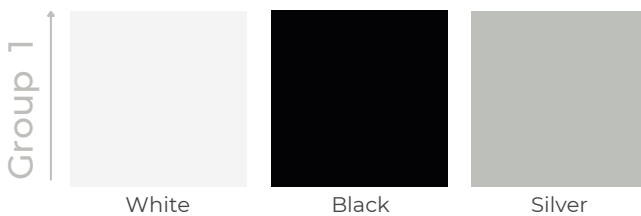

### Veneer

A more authentic finish using a real wood layer. Wood grain can differ from board to board. Protection required from scratches and stains.

## FRAME FINISHES

# SINGLE

For cable management, we recommend our Cable Tray and Cable Spine.

Modesty Panel

CPU Holder

Cable Tray

Cable Spine

Drawer

# BENCH

For cable management, we recommend two Cable Trays and two Cable Spines.

Desk Screen

CPU Holder x2

Cable Tray x2

Cable Spine x2

Drawers x2

# DESKTOPS

We recommend portals for single desks and scallops for bench desks.
