## A B O U T

V-Lift is a term coined by Koreans to describe a tight chin and neckline. It's what many associate with youth. The KrX Vtox Mask provides a mini face-lift in less than 60 minutes. As the mask dries, it increases micro-circulation which helps oxygenate the tissue, having a detoxifying effect. It's also rich in botanicals which are high in antioxidants; protecting and correcting the skin from intrinsic and extrinsic factors.

The increase of micro-circulation, increases the supply of oxygen, removing cellular waste, and enhancing the integrity of the skin's barrier. Propolis is rich in antioxidants such as phenolic compounds and flavonoids which help reverse and protect against free radical damage.

### **PRE CARE**

Vtox is a treatment mask which does not require any specific pre-care.

### **POST CARE**

One of our most frequently asked questions is how long do results last.

As with any treatment, it's important to manage expectations. First, aging is a process that does not stop, unfortunately, and this is a non-invasive treatment, not an actual face lift procedure.

However, having clients on the [Youthplex Line](#) will extend results. [Read all of our most FAQ](#)

### **CONTRAINDICATIONS**

Any allergies to ingredients

Sunburn

Eczema, Psoriasis or any type of Dermatitis

\* If following the advanced protocol, additional contraindications may apply due to the use of equipment.

✓ BREASTFEEDING SAFE

✓ PREGNANCY SAFE

✓ SAFE FOR ALL FITZ

## WHAT YOU'LL NEED

1. KrX Youthplex Cleansing Fluid
2. Blue Peel or Gentle Enzyme Cleanser
3. Vtox
4. Face Lift Toning Solution
5. Youthplex Serum
6. Youthplex Moisturizer

## PROTOCOL

1. Cleanse using appropriate facial cleanser - KrX Youthplex Cleansing Fluid is recommended
2. Exfoliate if needed - Blue Peel or a Gentle Enzyme Cleanser work great
3. Apply Vtox (4 to 5 syringes) to skin using upward strokes. You may apply additional layers for an extra tightening effect.
4. Let mask fully dry for 15 to 20 minutes. A fan will expedite the process.
5. Rehydrate the mask with a mask brush and water or Face Lift Toning Solution.
6. Remove mask with warm damp towel
7. Finish with Youthplex Serum and Moisturizer

Tip: Lymphatic drainage or sculptural massage will increase results. This step can be done after rehydrating the mask, or after mask removal.

## WHAT YOU'LL NEED

1. KrX Youthplex Cleansing Fluid
2. Blue Peel or Gentle Enzyme Cleanser
3. KrX Carboxy
4. Vtox
5. Face Lift Toning Solution
6. Youthplex Serum
7. Youthplex Moisturizer

## PROTOCOL

1. Cleanse using appropriate facial cleanser - KrX Youthplex Cleansing Fluid is recommended
2. Exfoliate if needed - Blue Peel or a Gentle Enzyme Cleanser work great
3. Apply Carboxy (Follow basic Carboxy protocol)
4. Apply Vtox (4 to 5 syringes) to skin using upward strokes. You may apply additional layers for an extra tightening effect.
5. Let mask fully dry for 15 to 20 minutes. A fan will expedite the process.
6. Rehydrate the mask with a mask brush and water or Face Lift Toning Solution.
7. Remove mask with warm damp towel
8. Finish with Youthplex Serum and Moisturizer

Tip: Lymphatic drainage or sculptural massage will increase results. This step can be done after rehydrating the mask, or after mask removal.

## WHAT YOU'LL NEED

1. KrX Youthplex Cleansing Fluid
2. Blue Peel or Gentle Enzyme Cleanser
3. Leaf Fusion Plasma
4. Vtox
5. Tranexamic Sheet Masks
6. Face Lift Toning Solution
7. Youthplex Serum
8. Youthplex Moisturizer

## PROTOCOL

1. Cleanse using appropriate facial cleanser - KrX Youthplex Cleansing Fluid is recommended
2. Exfoliate if needed - Blue Peel or a Gentle Enzyme Cleanser work great
3. Use the Leaf on Plasma Setting for 5 minutes
4. Apply Vtox (4 to 5 syringes) to skin using upward strokes. You may apply additional layers for an extra tightening effect.
5. Let mask fully dry for 15 to 20 minutes. A fan will expedite the process.
6. Rehydrate the mask with a mask brush and water or Face Lift Toning Solution.
7. Remove mask with warm damp towel
8. Apply KrX Tranexamic Sheet Mask and use the Leaf on the Electroporation setting (second mode) for 5 to 7 minutes
9. Remove sheet mask and use the Leaf on the microcurrent setting (third mode). The left over mask essence will be used as a conductor. Perform for 5 to 7 minutes.
10. Finish with Youthplex Serum and Moisturizer

Tip: Lymphatic drainage or sculptural massage will increase results. This step can be done after rehydrating the mask, or after mask removal.
