

## Reference Pack

We knew you would eventually want to find out a bit more information. You may want to find out who lost their vision for 3 days after casually walking through Damascus, or who dropped from a balcony after falling asleep during a long sermon or if the bible actually said there were 3 wise men present.

The sheets have been separated by their difficult level. All you need to do is hover and click on the scripture/chapter/book to take its reference. This list is non-exhaustive and the document only act as a starting guide.
